‘Alumni Meet’ - alumni shared their career paths from Student life to current track. Nine prominent alumni, invited to continuing a link between alumni and present students. They delivered inspiring speech, shared their experience and their journey from SCET to current status for our students. The Aim of gathering alumni and present B.Tech II and III year students on common platform turned out successfully. They gave very important and useful information regarding entrance examination, studies in abroad, opportunity in different field etc... Students took the full advantage of them.
