A Report on Interaction with Alumni

Organized by:
Department of Information Technology

Coordinated by:
Prof. Bhumika Patel
(SCETAA Representative, I.T. Department)

Alumni:
Mr. Raj Somani
Alumni, I.T. dept.

On
13th August, 2024

Department of Information Technology organized an interaction session under the banner of **“Share What I Gain”**, initiated by SCET Alumni Association (SCETAA) for the Students of SCET on 13th August 2024 at 11:15 am to 12:15 pm. The purpose of the interaction was to facilitate a talk between alumni and our present students, in order that the latter may derive information regarding state-of-art practices in IT Industry and thus be inspired to higher aims. Around 80 students of third year B. Tech. Division-A and B (Information Technology) attended this session.

About The Alumni

The invited alumnus for this interactive session Mr. Raj Somani has completed his bachelor's degree in Information Technology branch from Sarvajanic College of Engineering & Technology in 2020. He has also done master's degree in Computer Engineering from L.D. College of Engineering, Ahmedabad in 2022. Currently, Raj is working as a consultant at a company named Conga since 2.5 years. He had started there as an intern and currently continuing as a full-time employee.

Conga is a digital transformation product-based company specialized in automating and optimizing commercial operations, including contract lifecycle management, document generation, eSignature and revenue management.

As a Technical Consultant at Conga, Raj assists clients with product-related issues by debugging problems related to code, configuration, setup or data. His role involves providing technical support and ensuring smooth operation and integration of solutions for the clients.

Highlights of the interaction:

- ✓ Mr. Raj Somani shared his experience with the students about his journey in our institute, how the faculties were helpful in developing his academics as well and how he improved himself by participating in various co-curricular and extra-curricular activities.
- ✓ He discussed about the experience of his interview he undergone at Conga where he emphasized engineering subjects were also made an important role even for interview other than IT industry.

- ✓ He gave tips and detailed guidelines to the students how to prepare for coding tests and interview process and how to set their career path which was more interesting for them.
- ✓ The session was more interacting and paved the way for motivating them personally in their academics and improving their future plans.

Some glimpse of the session is included herewith.
