Dear Sir,

- 1) There is a discrepancy found in the final result of MCA Sem 3. In the backlog column, the semester 1 backlog is not fetched correctly by the ERP program.
- 2) Similar issues are also observed in the BTech Sem 2 backlog, previous exams' results are not correctly fetched by the ERP program in winter-23 results in all BT courses

Now the problem has been fixed by the ERP team, you are requested to permit the SU exam section to notify the revised result.

→ It was ERP issue and solved by ERP Team.

Prof. Mukesh Patel,
Assistant Professor,

To, Registrar / Provost.

Some discrepancy/errors has been found in above mentioned results due to the technical glitch in the ERP. As this glitch has been fixed we require to notify revised results.

15/03/2024

To, Provost

Kindly allow exam section to revised result against the revised result

16/03/2024

OK A. do it asap.

16/3/24

OK
as per "A", Revised notification results are /W2023/BK19-15032024-009 (Revised)
