A Report on Interaction with Alumni

Organized by
Computer Engineering Department

Coordinated by
Prof. Bintu Kadhiwala
Prof. Aarti Chauhan
(SCETAA Representative, Computer Department)

Alumni
Mr. Ashwin Savani
Founder of Avinashi, Surat

On

8th July, 2016

Computer Engineering Department had organized an interactive session on **Project Ideas and Current Trend in Industry** for the CO final year students on 8th July 2016 initiated by SCET Alumni Association under the banner of “Share What I Gain”.

The purpose of the interaction was to facilitate a talk between alumni and our present final year students in order to gain information regarding state-of-art practices in software industry and to inspire them to achieve higher aims in their career. Around 60 students of B.E.-IV Computer Engineering had attended this session.

About the Alumni:

The invited alumnus for this session was Mr. Ashwin Savani (2001 alumnus, CO Deptt), who is a founder of Avinashi company at Surat. He has 10 years of experience in the software industry.

Highlights of the interaction:

- Mr. Ashwin Savani shared his knowledge with the final year students regarding project topic selection and how to formulate team to make the project worth from the industry perspective in order to make successful career.
- He also discussed how effectively team work must be carried out to make innovative projects on recent trends using latest technologies.
- Furthermore, he discussed how recruitment process is carried out by the HR department of the IT industries.
- He also throw light on how to prepare effective resume in order to increase the chances of selection one step further in today’s competitive environment.

Some glimpse of the session are as follows:
