A Report on Interaction with Alumni

Organized by

Computer Engineering Department

Co-ordinated by

Prof. Bintu Kadhiwala

Prof. Jaydeep Barad

(SCETAA Representatives, Computer Engineering Department)

Alumni

Er. Krish Mehta

On

4th March, 2020

The Computer Engineering Department of SCET has organized a session on “**Success Roadmap from SCET to Walmart Labs**” for BE pre final year students on **4th March, 2020** under the banner of “**Share What I Gain**” initiated by **SCET Alumni Association**. **142 students** of **Computer Engineering Department** along with **3 faculties** attended this session.

The talk started with a formal introduction of the alumni student by **Prof. Bintu Kadhiwala** followed by felicitation of him by **Prof. Jayesh Chaudhary**.

About the Alumni :

The brief profile of **Er. Krish Mehta** is as follows:

Education :

- **Sarvajanik College of Engineering & Technology**
Bachelor of Engineering (B.E.) - Computer Engineering
Batch - 2013 – 2017, Grade - 9.29 CGPA
- **University of Southern California**
Master's degree - Computer Science,
Batch - 2017 – 2019, Grade - 3.73

Current Position :

- Software Engineer II at Walmart Labs, Reston - Virginia.

Area of Interest :

- Artificial Intelligence
- Machine Learning
- Web Technologies

Work Experience :

- **Intern** (May 2017 - Jul 2017) (3 months)
Company Name ~ RK Infratel Ltd, Surat
Work Done ~ The Internship was related to an IOT Project for Smart City specifically working on smart pole.
- **Full Stack Developer Intern** (Jun 2018 - Aug 2018) (3 Months)
Company Name ~ Warner Bros. Entertainment Group of Companies.
Location ~ Los Angeles Area
Work Done ~ Implemented and documented Apache PredictionIO with multiple algorithms to decide the recommendation of personalized videos to the user.
- **Software Engineer II** (Jul - 2019 to till now..)
Company Name ~ Walmart Labs
Location ~ Reston, Virginia.

Objectives of the talk :

- To discuss the importance of latest trends and technologies from industry perspective.
- To make aware the students about real world scenarios and also about the basic requirements to land in a dream company.
- To acknowledge the importance of competitive coding from the career building perspective.
- To guide students on how to prepare for an interview and to get placed in top MNCs like **Walmart, Google, Amazon, Facebook** etc.
- To discuss the importance of **GitHub** - the world's leading software development platform.

Highlights of the interaction :

Er. Krish started the talk by introducing himself as a **SCET alumni** and shared his own experience as an undergraduate student of the institute. He then shared with us the importance of various subjects like Computer Algorithms and Analysis, Database Management System, Web Technologies, Java Programming, Artificial Intelligence, Software Engineering etc. as a student of Computer Engineering. Then, he explained in detail the importance of final year project and how to excel with a good team and suggested the students to go with real-time problem definition.

After that, he enlightened us about his time spent at USC (University of Southern California). Getting into USC is an achievement for him as he had scored an outstanding score of 319 in GRE. He also mentioned the different projects he has worked on at USC.

He informed the students that he has refined his technical skills by practice and encouraged the students to do the same. He explicitly told that coding a problem and optimizing a problem solution are his own respective set of challenges. He exhibited his keen interest of coding while talking about platforms like *hackerearth, hackerrank, codechef, codevita, leetcode* etc. He personally preferred leetcode over all other competitive coding platforms. He then discussed the importance of the usage of **GitHub** - the world's leading software development platform and the placing of the code on **GitHub**.

He then briefed the students about importance of internships, publishing of papers and hiring challenges. He, in context of the interviews, enlightened the students with the type of questions that may be asked in the interview. He explained in depth the extent to which each aspect of the applicant's profile matters, how the different aspects influence each other, and how they are used by them in conjunction to arrive at a final decision with respect to the university admission

application process and also company selection process. *As a whole, he discussed his complete roadmap from being a SCET student to being a Software Developer in Walmart.*

Glimpse of the interaction :
