Jury Name	Project / Idea Title	Comments	Approved or Rejected
Dr Dipali Kasat	Gujarati Character Recognition with Vowels		Rejected
anil		they the project is for blind audience for gujarati language. more work required	Conditional
Abhimanyu Rathi		Good work team! Makes for a great engineering project! But they need to increase market. Add more languages? Offer hardware? Build a 'KOO' of OCR and there is a lot that can be done. A lot work needs to be done. Grant of Rs. 20000 can be given subject to conditions.	Conditional
Abhimanyu Rathi	Human disease predictor	Good project with ample potential but the team requires data validation for the project to be viable - currently not sure the science will actually work and a lot of clarity is required. Need tie-ups with pathologies and doctors. Number of people using smart phones in rural areas needs to be analyzed and so is the necessity to look into how many villages have labs. A grant of Rs.20000/- may please be sanctioned to carry the project further, subject to conditions of clarity of project.	Approved
Anil		Funds can be granted to the tune of Rs 50000/-	Approved
Dr Dipali Kasat		Can be considered for only POC support of Rs 5000/-	Approved
Abhimanyu Rathi	Indigenous catalyst design and development	Very early idea. Just an ideology/thought process. Not a business. Not applicable for any grants. But makes good for an engineering project.	Rejected
anil		does not fit in as a ssip project	Conditional
Dipali Kasat		Not clear	Rejected
Abhimanyu Rathi	Smart vehicle	Good work. Project is practically feasible and they can capture mores customers fast by B2B collaborations. A sum of Rs. 20000 for a few prototypes may please be passed towards first milestone.	Approved
anil		can allow it to proceed for patent, can grant upto 10000 based on request	Approved
Dipali Kasat		Good idea for IP funding. Also can be given funding support of upto 21000	Approved
Dr Anil Saraogi	Virtual Interview Training	Project has potential for funding and IP both. is scalable... funds to the tune of 50000/- can be approved	Approved

Abhimanyu Rathi	Virtual Interview Training Platform	Great work, team requires mentor, an amount of 10,000 may please be sanctioned for market survey, need to streamline the thought process and test the basic application.	Approved
Anil		It is a workable B2B project. Can grant about 40000	Approved
Dr Dipali Kasat		Can be considered for POC funding upto Rs 10000/- if they can submit a collaboration of min 50 recyclers	Conditional
Abhimanyu Rathi		Waste-Ry Good efforts and a lot of work seems to have done but the cycle from a commercial point of view is still missing. They need more clarity on what end objective will this startup provide - to them and to the market and community at large. An amount of Rs. 25000 may be sanctioned.	Approved

Dr Anil Saraogi
