A
Report
on
National Level Project Competition
on
“IOT Design Challenge ”

Date: 20th October 2023

Venue: EC Dept. Laboratories, SCET

Faculty Coordinators: Prof. (Dr.) Nehal Shah
Prof. (Dr.) Vandana Shah
Prof. (Dr.) Dhiren Bhagat
Head of Department: Prof. (Dr.) Chirag Paunwala

Electronics & Communication Engineering Department, SCET-Surat in association with IETE SCET along with MWTC-Mobile and Wireless Technology Club, SCET had organized a one day National level project competition on "IOT Design Challenge" on 20th October 2023. The competition was arranged for the students of across any engineering colleges of India. There was no registration fee to participate. The motto of the competition was to make the budding technocrats use their technical knowledge to implement and demonstrate application-oriented working models in the domain of IoT and embedded system using NodeMCU, Arduino, Raspberry PI, Web Services, Sensors, Actuators and Network/Internet.

Four specific problem statements were given in the areas of IoT, Smart Classroom, Smart Agriculture, Smart City and Wearable Healthcare Devices. More than 35 teams of 4 students each, from Electronics and Communication, Information Technology, Artificial Intelligence and Computer Engineering from SCET, SVNIT and Bhagwan Mahavir Colleges participated in the competition. The team chose any one problem statement given to them for implementation or chose their own idea for implementation. Students modeled and presented projects on different IoT based topics like Fingerprint Attendance System, Weather Station and Smart Home Automation etc. Internet of Things experts Ashwin Savani and Jaideep Kathiria came and evaluated the students. Students had the opportunity to network and learn from each other to enhance their technical skills. The hard work and dedication of the students were reflected in results of the projects they have made.

All the projects were evaluated by eminent juries from industry named 1) Mr. Ashwin Savani, CEO of IoTick, Suart, Gujrat, Product or Solution Architect and 20+ years of experience in various industries and technologies. 2) Mr. Jaydeep Kathiriya, Founder, Techno Vally, working in the domain of Industrial IoT, Industrial battery chargers for railways, Wireless energy meters, Automated test benches for various electronic boards and electric panels. Three groups were announced as winner on 1st, 2nd and 3rd position collectively by both the juries. Two consolation winners were also announced. All participants were given certificate of participation and winners were awarded with prizes sponsored by IETE Surat subcenter.

List of Winners

| Winners Name | Project Title | Rank |
|--|-------------------------|-----------------|
| Neel Khanpara, Vatsa Noticewala, Harshit Jain, Sai Charan | SeniorSafe Gradian | 1 st |
| Jeel Ramani, Priyanshi Patel, Khushi Harkhani, Sarthak Bosamiya | Smart Attendance System | 2 nd |
| Rituraj Bajrang Singh, Aayush Parmar, Niraj Rajput, Rudra Saikiran | Smart Agriculture | 3 rd |

The day was ended well by taking participants feedback whereby students shared their experience of participation in the competition and were really very happy to gain knowledge in this domain. Participants also insisted to organize such kind of competitions in future also. Overall, it was fruitful experience for all participants and coordinators.

and
R&D Cell, SCET in association with IETE Surat Subcentre

**October
20th, 2023**

09:00 AM - 02:30 PM

EC Department,
SCET, Surat

**Win
Exciting
Prizes**

Rules

- Participation is in a group.
- Max: 4 students/Group.
- Project components must be managed by participants. Laboratory resources like power supply, bread board would be provided.
- Poster must be prepared for presentation comprises of group details, block diagram, brief explanation and other technicalities.
- All group must report 09.00 AM at venue on the event day.
