About the Event

Institution's Innovation Council (IIC) program is initiative of Ministry of Education (MoE) through MoE's Innovation Cell (MIC) in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the culture of innovation. With the objective of reforming the education and making it more skillful in India, government of India has announce NEP 2020. With this objective of making students and faculties aware about implications of SCET and implementation of it in our institute as well as university level , a lecture was organized to celebrate the 6th Anniversary of NEP 2020 on 29th July, 2026 (10:00 am – 11:30 am).

The event was organized for the first year UGstudents and faculties . The Dean academic of SCET and member of taskforce of NEP,Sarvajanik university was invited to give lecture on NEP 2020.

The lecture was conducted during induction program for first year. The time schedule for various lectures was decided by First year coordinator Prof Satish Dokipatri. Dr Maulin Joshi conducted the session on NEP 2020 and adoption and implementation of NEP in university at various ways. The students have been benefited by choosing specialization subject in the form of honors and minor course from the basket offered by various department. He talked about accommodating multi entry -multi exit at university teaching scheme from year 2025. New examination reforms were also discussed including showing supplementary to the students in final exam on the request by them. According to new policy implemented by SU, now Students will be able choose MOOC/NPTEL courses in stead of few subjects in curriculum and credit will be considered for earning degree. He also introduced the students the importance of accreditation of various departments and adoption of NEP in curriculum of university for their future career. He also gave insight of opportunities students would have in foreign internship due to NEP. Faculties were motivated to do more tie ups with industries so that students can be given opportunities for final year internship.

Summary and objective for Expert Session

Accommodation of NEP in new teaching scheme to enhance skill level of students

Early exit with certificate to give job opportunity to students

Choice of minors and honour subjects opportunity to get degree from other specialisation along with degree in own stream or branch

Choice of NPTEL /Mooc course instead of regular semester course

Glimpses of the Event
