### Summary:

The session of an expert lecture was organized on “How to A Crack Corporate career using MBA after Engineering?” by Department of Chemical Engineering, SCET. **Chemical Engineering students’ team** had commenced the session with welcome note and brief introduction of the speaker **Mr.Arindam Datta**, who is having 7 years experience in the field of **Marketing and Business development**.

Arindam Datta is a seasoned professional with extensive experience in Category Management, Sales & Marketing, and Business Development. Currently a Senior Manager at Reliance Retail Limited (AJIO), he has a proven track record of driving category growth and achieving sales targets. His previous roles at Vodafone Idea, Tata CLiQ, and Bajaj Electricals highlight his expertise in digital marketing, product management, and customer engagement. Arindam holds a MBA from MICA, Ahmedabad, and a B.E. in Chemical Engineering from Sarvajanik College of Engineering and Technology, Surat. He is also an accomplished marketer and leader with a passion for innovation and excellence.

After taking over the mike Mr.Arindam Datta had begun the session by providing introduction of the topic. Then he explained the importance of Engineering and Career Opportunities in different fields after doing MBA for the corporate world, He had also provided the detailed information about his journey and how to know or get ignited for doing MBA with their passion?

His flow of the talk included:

1. Introduction and my SCET journey
2. Why MBA?
3. How to prepare for CAT and other aptitude exams?
4. Post exam preps, interviews and experiences
5. Questions pertaining to CAT and other aptitude exams
5. MBA college experience in general and selection of National Importance Institute
6. Post MBA corporate career
7. Final Questions

In the last part of the session he had discussed about the right approach which every professional should carry in order

to become a successful professional whether it be a technical or non technical. Finally the session was concluded by students' team with vote of thanks.

All the faculty members had participated in the event to encourage the students.
