**TOWARDS PROGRESSIVE CIVILIZATION ...**

Masters of Environmental Engineering Department had organized an interactive session with Industry as an Expert Talk. The session was organized for 87 students of ME ENV I & II and Faculty of Chemical Engineering BE III year students. The talk was about understanding the “Environment Management System at Industry” which was interactively led by Dr. Anil Jain. The motive of the interactive session was to understand the basic practice adopted by an Industry to meet Environmental management System.

### **About the speaker:**

Dr. Anil Jain is working as Vice President & Head in Arcelor Mittal Nippon Steel India Limited (AMNS), Hazira, Surat. He did his Ph.D. from Mumbai University and ADIS from Board of Maharashtra followed by graduation (B. Tech) from HBTI, Kanpur. He has more than 29 years of experience in the field of Health, Safety & Environment and Sustainability in various leading corporate across various sectors. Dr. Anil Jain is a renowned speaker and has delivered lectures at various conferences organized by Confederation of Indian Industries (CII), Federation of Indian Chambers of Commerce and Industry (FICCI), IITs, NITs, International Labour Organization, Center of Science & Environment, The Institution of Engineers (India), Gujarat Safety Council, Joint Committee on Safety, Health & Environment in Steel Industry (JCSSI), Universities etc.

### **Knowledge shared in expert lecture:**

At last, the whole expert lecture was very much fruitful for the students of ME Env. I & II and BE III year students of Faculty of Civil Engineering. The expert talk started with some basic introduction of environment and environmental pollution. He highlighted about ISO and its importance for environmental protection. Sir has discussed about the operation, maintenance and overall management of an Industry with respect to Environmental Health and Safety. Sir has also shared his experience of Industry career opportunities and prospects.

### Glimpses of Lecture:

We thank to Dr. Hiren Patel, Principal, SCET for his guidance and motivation in organizing the expert talk. The lecture was organized under the motivation of Dr. Pratima Patel, Professor and Head, FCE and Dr. Swati Sharma, Professor and Head of Faculty of Chemical Engineering. The lecture was looking after by Dr. Mehali J. Mehta, Assistant Professor and P.G. Incharge, ME Environmental Engineering.
