

Sarvajanik University
Sarvajanik College of Engineering & Technology Shri Sitaram Somani
Department of Instrumentation & Control Engineering
A Report On Innovation & Entrepreneurship Outreach Program in
Schools/Community

Date : 19th July, 2024.

Time : 1:30 p.m. to 3:00 p.m.

The Department of Instrumentation and Control Engineering, SCET has organized an education tour for the std. 12th students of C.C. Shah Sarvajanik High School on 19th July, 2024. The invited students have visited the college along with science teachers and principal of school. There were 30 students in a group. Two faculties were assigned to a group to guide the students to the various laboratories of department. Before the visit, all students and concerned faculties have visited T&P department of SCET and T&P officer Prof. Shabbir Ghadiali has given introduction about the SCET. He has also shared ACPC guideline for admission procedure and, also about the important criteria to select specific branch of engineering discipline and institute. The students were given introduction about the role of Automation in industries through Youtube Video and role of Instrumentation and Control Engineer in Automation by Head of Department Dr. Brijesh Naik. All Students have shown lots of interest and they have appreciated the lab facilities and other infrastructure available in the department. The tour ended with interaction of students & school faculties with department faculties. From our side, we have invited all students with parents for future guidance whenever they require. Few glimpses of educational tour to I & C department is given below.
