- ❖ **Objective of the Webinar:** To upgrade the knowledge of engineering students about the interview process and prepare them for the corporate world ~ before and after joining the company.

❖ **Details of the Webinar:**

<b>Date &amp; Time</b>	<b>4th September, 2021 (10:30 AM to 11:30 AM)</b>
<b>Venue</b>	Online (Google Meet)
<b>Speaker Information</b>	Mrs. Sonika Bengani QA Manager “testAIing”-an AI focused testing solutions company, Noida, Uttar Pradesh. Experience: 15 years
<b>Targeted audience:</b>	All engineering students
<b>Coordinator</b>	Dr. Jigisha U. Pandya
<b>Registration</b>	119
<b>Attended by</b>	71

- ❖ **Webinar In Brief:** A Webinar on “*Preparing for Corporate World ~ Before and After*” was organised by Mathematics Section of ASH Department, SCET on 4<sup>th</sup> September 2021, especially for all the Engineering students.

Welcome speech was given by Prof.(Dr.) Mayank Dalal, HOD - ASH Department.

Prof. (Dr.) Rajesh Darji, Department in charge of Mathematics Section had given the brief introduction of the Speaker Mrs. Sonika Bengani.

The speaker had delivered an interactive and a very informative talk about the interview process. She raised some riddles to check the presence of mind of the students. She shared her experience about the telephonic interview and asked the students to develop positive ethics.

She advised the students to cultivate the following important qualities **before** going to the corporate world :

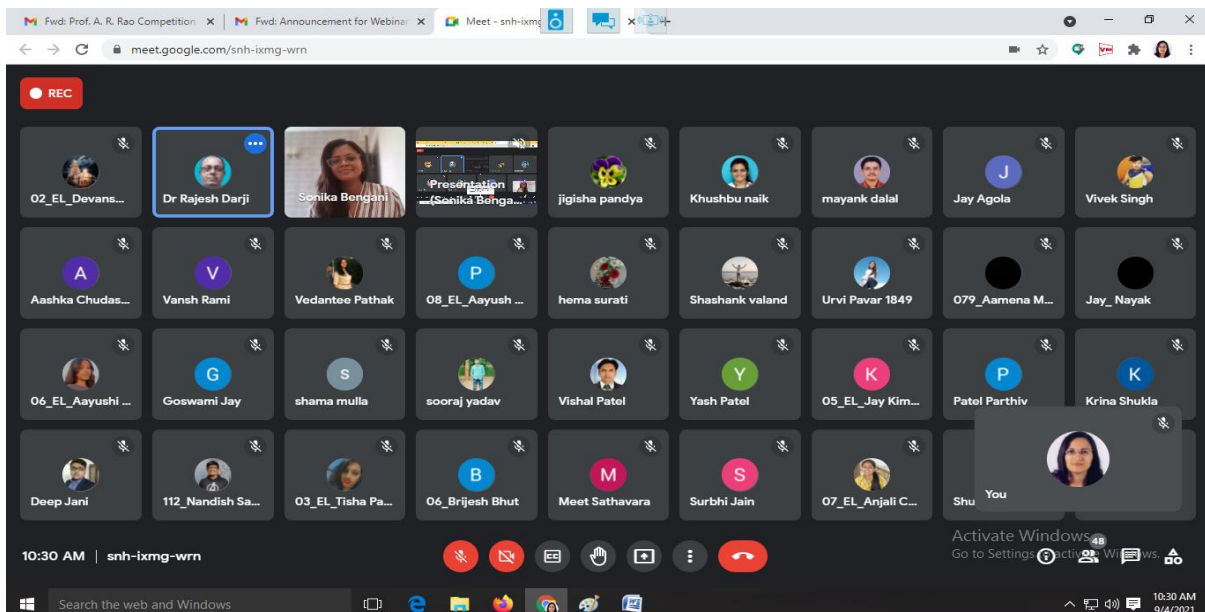

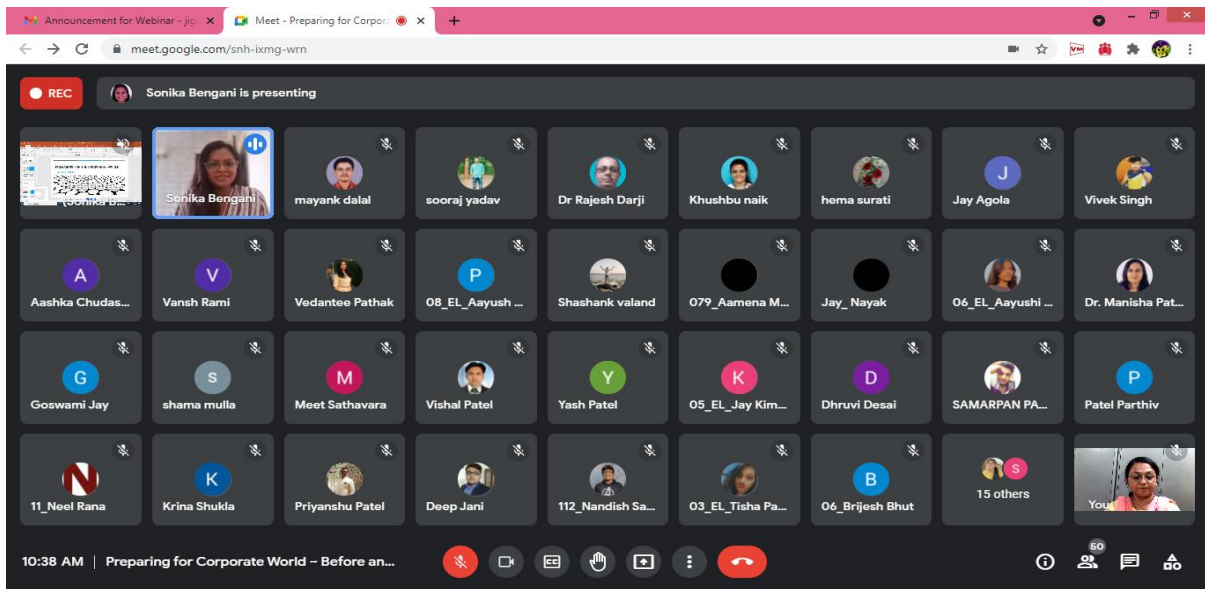

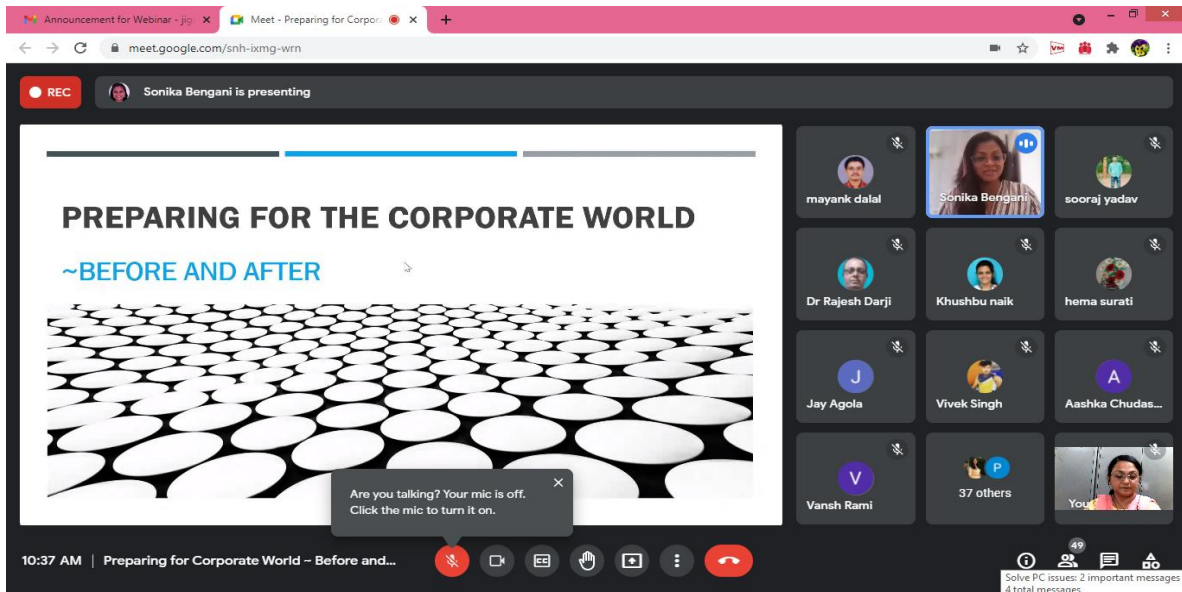

- Clear the concepts while studying
- Improve your communication skills
- Keep problem solving attitude and presence of mind
- Be ethically strong

After going to the corporate world, the following strengths are expected by the employers from fresh engineers:

- Pragmatism
- Teamwork
- Pro activeness
- Leadership
- Adaptability
- Conflict management

The speaker captured the complete attention of all the participants.

## ❖ Feedback Responses from Participants:

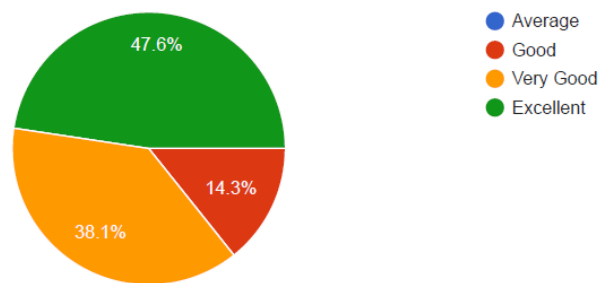

The content of the Webinar met with your expectations

42 responses

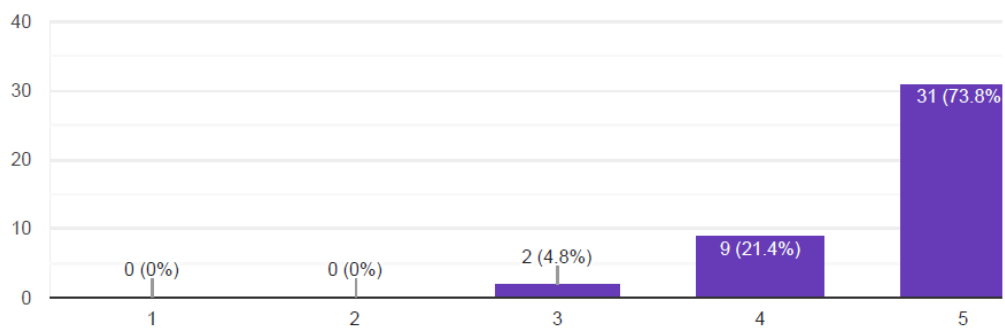

The usefulness of the content for your career

42 responses

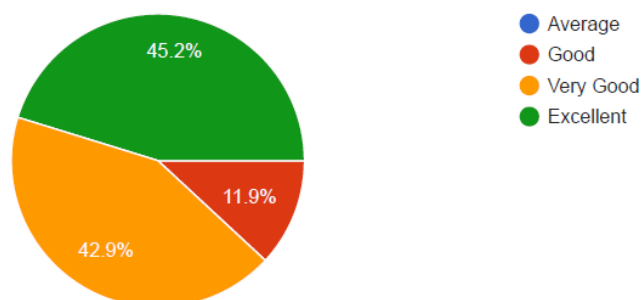

The lecture was clear and easy to understand

42 responses

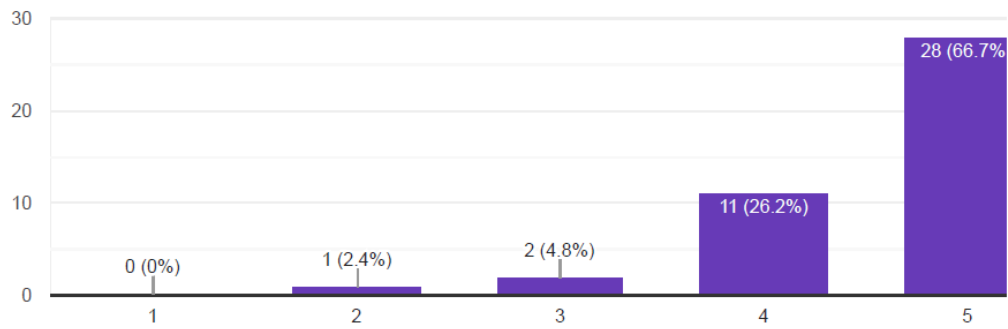

The webinar exposed you to new knowledge and practices for Corporate world

42 responses

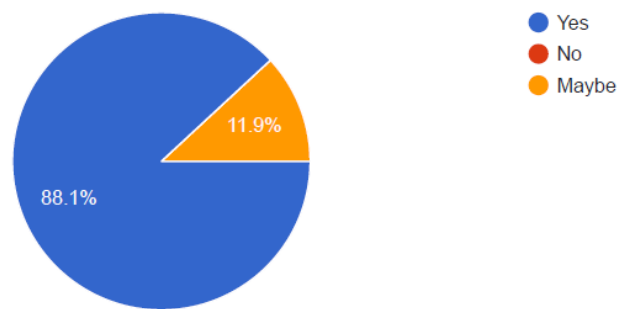

## Overall Satisfaction

42 responses

## Would you like to attend such type of lectures in future ?

42 responses

## Any other suggestions: Please provide your descriptive comments.

20 responses

Keep good work... 👍

The webinar is so good & interactive and also useful

Yes

very informative

Good good 👍

No one thanks 😊

Very good

Nice content

The session was too good and interactive session. We even want such sessions in future.

## ❖ Acknowledgement:

I, the co-coordinator of the Webinar, am very much thankful to the Sarvajanik College of Engineering and Technology for providing necessary support for conducting the webinar.

I would like to thank our honourable Principal Dr. Hiren Patel for granting permission to organize this webinar.

I would like to thank Mrs. Sonika Bengani, speaker of this webinar, for accepting our invitation, sparing her precious time from busy schedule and sharing her skills and expertise with participants.

I would like to extend our gratitude to Dr. Mayank Dalal, Head of the Department (ASH) and Dr. Rajesh Darji, Department in-charge (Maths Section) for their encouragement and continuous support. I am thankful to all the staff members of Mathematics Section for their co-operation.

I thank Ms. Khushbu Naik for help in the live streaming of this event.

Dr. Jigisha Pandya
