About the Event

Institution's Innovation Council (IIC) program is initiative of Ministry of Education (MoE) through MoE's Innovation Cell (MIC) in collaboration with AICTE for Higher Educational Institutions (HEIs) to systematically foster the culture of innovation and start-up ecosystem in education institutions. With this objective Institution's Innovation Council (IIC), SCET has organized a session and panel discussion on titled “**Innovation and Start-up Ecosystem Enablers**” on 29th August, 2024. The session is organized for the UG students to represent the case study of Entrepreneurs **Mr. Tejas Patel, MD- TechSunBio Solar, Surat** and **Mr. NiravDhanani, Heaven Solar Energy Pvt. Ltd, Surat**.

Mr. Tejas has discussed his journey from a small business of marketing of Solar Lantern to EPC company with more than 80 MWp Solar PV installations in ground mounted, industrial and residential sectors. He is also involved in carbon financing business to save environment from alarming global warming threat. He discussed various roles of an entrepreneur has to play from beginning to a successful businessman. He also discussed the importance of skill required in today's youth to make India a global leader in Solar industry.

Mr. NiravDhanani is very young entrepreneur who started thinking out of the box since his under graduation study at DDIT, Nadiad in Information and Technology discipline and foundation of malgadi.co.in. He emphasizes on hard working on embarking journey to becoming a millionaire. He cited his own example, how his company has crossed 100 cr. turnover in 7-8 years working in solar business. He and his foundation also works for guiding and helping budding technocrats who are passionate about startup and explains the meaning of startup and difference between a startup and a traditional business.

Outcome of Session

After delivering sessions of both speakers, few minutes are spared for question-answer session in which students are invited to raise their query about startup, hurdles and challenges to overcome, financial assistance and support and governments schemes in various emerging sectors like solar, electric vehicle, drone, biotech, etc.. A few interested and curious students interacted and asked about how to find the startup idea and how to pursue their dream to become a successful entrepreneur.
