## **MCA** **Orientation Program**

**DATE & TIME: SEPTEMBER 5, 2024 AT 9:30 AM**

**VENUE: SU SEMINAR HALL**

## Objective:

The purpose of the Orientation Program for first-year students is to help them become familiar with their new campus environment. This includes introductory sessions that provide an overview of college or university life, along with a clear understanding of the rules and regulations every student must follow. The orientation serves as a foundation for academic success, offering both students and faculty the opportunity to engage and interact. It also helps students adjust to their new surroundings. The primary goal of the orientation is to bridge the gap between professors and students, fostering smooth and open communication from the start.

**Always remember you are braver than you believe, stronger than you seem, and smarter than you think.**

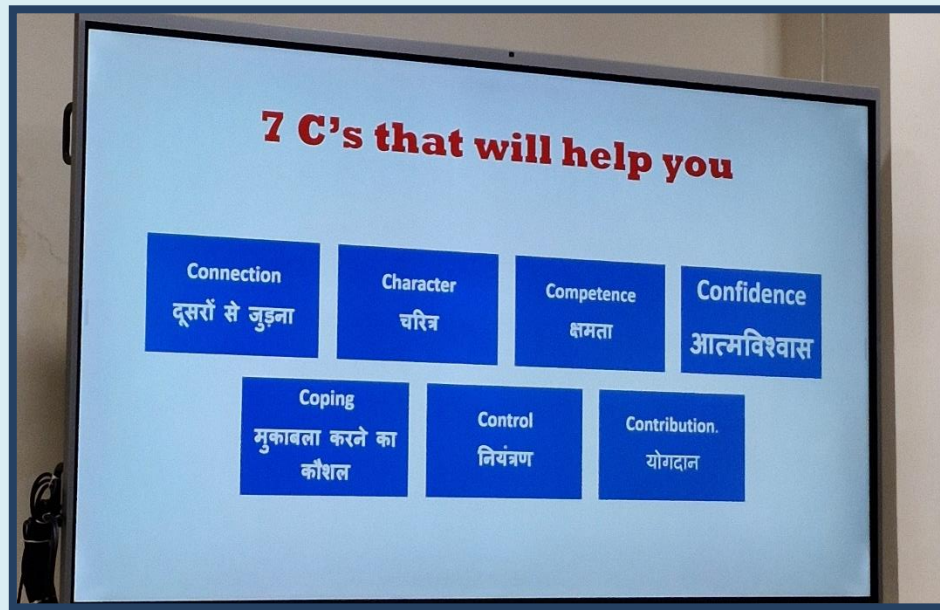

To impart this message to our new students Mr. Mahesh Ramamurthy delivered an expert session on “**SAKSHAM: Improving Self Value**”. The session was very interactive and motivational for the students. He discussed about the significance of **7 C’s (Connection, Character, Competence, Confidence, Coping, Control, and Contribution)** in our life. The feedback regarding the session by the students was really fabulous.

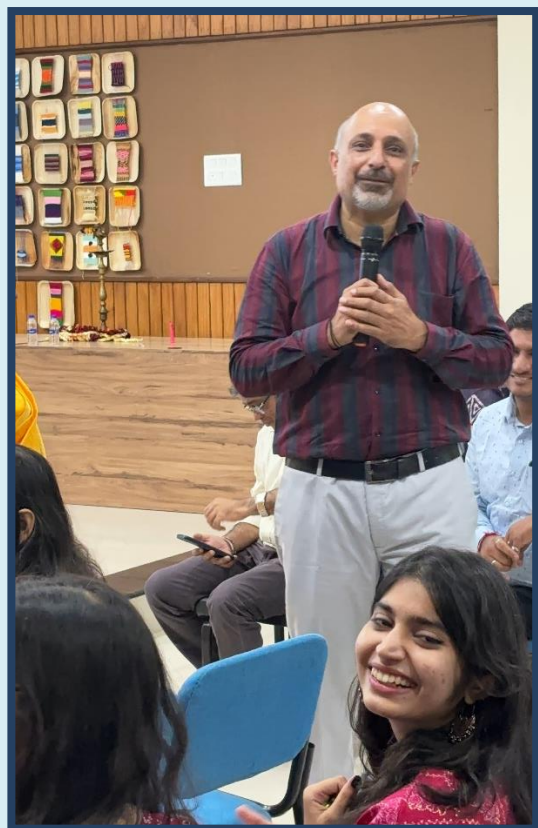

We encouraged them to begin their MCA journey with enthusiasm and determination, aiming to complete it with even greater success. We advised them to set clear goals and remain curious, as there is always more to learn, discover, and explore in their new academic path.
