Report On “AI for Students”

Department of Computer Applications has organized expert session on “AI for Students” for MCA final year and MCA (Integrated) 3rd year students with objective of providing insights of AI. Artificial Intelligence has become an essential skill across all disciplines. From academics and research to internships and placements, AI is transforming the way students learn, solve problems, and prepare for their careers. This session aims to create awareness about the effective and responsible use of AI tools, enabling students to enhance their productivity, communication, and employability.

The workshop aims to equip participants with practical AI skills for startup. It focuses on using AI to create compelling pitch decks, conduct market and competitor analysis, develop financial projections, identify funding opportunities, improve communication and presentation skills, and promote the responsible use of AI in entrepreneurship and innovation.

The workshop was conducted by a Mr. Bhautikkumar Valjibhai, Founder of AI Review System, an AI enthusiast, communication coach, and keynote speaker who has conducted several sessions for professionals, entrepreneurs, and students on AI applications and communication skills. Throughout the workshop, the resource persons conducted interactive discussions making the learning experience highly engaging and beneficial for all participants.

Details of the Expert session:

Date	Time	Venue	Total Participants
12 th August 2026	11:15AM to 1:15PM	Chemical AV Room	80+ students (MCA final year&IMCA 3 rd Year)

Few Glimpse of the Expert session:

We would like to thank Dr. Hiren Patel, Principal, SCET, for providing an opportunity to schedule such training. Shri Bhaskar Cheruku, Registrar, SCET for prompt support. We are thankful Dr.Prashant Keswani, Head Department of computer applications for the permission.
