## **Report on "Hands on Laravel Framework"**

**SARVAJANIK UNIVERSITY**  
**SARVAJANIK COLLEGE OF ENGINEERING AND TECHNOLOGY**  
**Department of Computer Applications**

**Organizes A Workshop on**  
**"Hands on Laravel Framework"**  
**Under the banner of "Share What I Gain"**  
**for**  
**MCA-1 Semester 2 Students**

**"Building Modern Web  
Applications with Laravel –  
From Concepts to Code"**

**Date : 7th February 2026**  
**Time : 10:00 AM onwards**  
**Venue : MCA Computational Lab**  
**(Ground Floor)**

**Mr. Apurv Patel**  
**Software Developer @ Paroksya**

## Objective of workshop:

Laravel, a powerful PHP framework for building modern web applications. Through practical exercises, they will explore Laravel's features, including its MVC architecture, routing system, database interactions, and authentication mechanisms, gaining valuable skills for web development.

<b>Title:</b>	Hands on Laravel Framework
<b>Speaker:</b>	Mr. Apurv Patel- Software developer at Paroksya Technology
<b>Date &amp; Time:</b>	7 <sup>th</sup> Feb. 2026, Saturday, 10:00 am onwards.
<b>Venue:</b>	MCA Computational Lab, SCET.
<b>Conducted By:</b>	Prof. Karuna Patel and Mr. Smit Bhathgara.

On behalf of the Department of Computer Applications, Prof. Karuna Patel welcomed and introduced the esteemed and passionate resource person, Mr. Apurv Patel.

The expert began the session with an overview of PHP and

- Basic introduction to Laravel framework
- Installation of the Laravel framework
- Live demonstration on project creation using Composer commands
- CRUD operations in a Laravel project in detail

Additionally, guidance was provided to the students on building a career in the Laravel framework. The MCA I Semester 2 students enthusiastically participated and gained maximum benefit from the workshop. In accordance with the tradition of SCET, Prof. Karuna Patel and Mr. Smit Bhathgara presented the Vote of Thanks.

A few glimpses of the workshop....

The response from the participants for the workshop was truly encouraging as they have shown their readiness to conduct the second session of the same workshop.

We express our sincere gratitude to **Dr. Hiren Patel, Principal, SCET**, for granting permission and extending continuous support to organize this workshop. We also thank **Shri Bhaskar Cheruku** for his cooperation. Our heartfelt thanks to **Prof. (Dr.) Chirag Paunwala, SCETAA Convener** for his prompt support. We are thankful to **Dr. Gayatri Kapadia, Head, Department of Computer Applications** for her constant motivation and support in successfully conducting this workshop.
