Flutter is an open source framework by Google for building beautiful, natively compiled, multi-platform applications from a single codebase. Mobile App Development with Web Integration is one of the subjects of MCA II Sem. 3. In order to impart in-depth knowledge regarding flutter mobile application development to students of the same class for Industrial practices, we had organized a workshop on "Mobile Application Development using Flutter".

Title:	Mobile Application Development using Flutter
Speaker:	Mr. Hardik Bharatia, Team Lead, BosLeo.
Date & Time:	3rd September 2022, Saturday 10:30 AM to 3:30 PM
Venue:	MCA Lab, SCET.
Conducted By:	Prof. Rashmi Chouhan and Mr. Mayank Jain

Mr. Hardik started with Dart basics and then he gradually moved to flutter basic project. He also covered CRUD operation in flutter. He shared projects with basics of flutter and crud operations in flutter with students for their further reference. Students of MCA II Sem.3 enthusiastically participated and took the maximum advantage of the workshop.

A few glimpses of the workshop....

We would like to thank Dr. Hiren Patel, Principal, SCET, for providing permission and support to organize such workshop, Shri Bhaskar Cheruku for prompt support. We are thankful to Prof. Prashant Keswani, Head-MCA Dept., for encouraging us for conducting such workshop.
