REPORT ON

“EXPRESS YOUR LEARNING @SCET”

ORGANIZED BY
KALEIDOSCOPE@SCET

Coordinated by
Dr. Kaushika Pal & Dr. Niket Shastri

Objective of Express Your Learning @SCET

- Learning's such as Leadership skills, Team work; Etiquette, Creativity, Growth Mindset, etc are cultivated in students during college life. To make students think their learning's from SCET and what changes or transformation they have seen in them and express them in words. The idea is to frame Learnings from SCET into words.
- This event was an opportunity for students to express their learning at SCET by writing in few lines.

Scet is best collage. Scet arrange many events and programs.

The SCET College is one the best college for studying in my life and surat. Their faculty are teach very syntactic and clear. I really enjoying the SCET learning

I gained much more knowledge from SCET.
THANK YOU SCET.

After admitted in scet i learn how to express my self infront of others

My college, SCET taught me 3 most important things - Learn , Manage and Communicate. 'Learn' in terms of study also and in terms of learning from mistakes of yours and others, exploring various opportunities etc. 'Managing' extra-curricular actives ,following our passion with study. By providing various events like "Verve" SCET gave us opportunity to communicate with different kind of people. NSS camps and various seminar also contributed in same.

A better human being , a better developer and a dream to achieve something big is all I hoped for when I enrolled in MCA at SCET.

I have learned many thing at scet which help me to develop my management skills, technical skills. And with other events and seminars I became socialise and learned many new things.

well, scet engineering collage its about express the words its like few . There are many activities and all staf mamber are also brilliant .scet is seriously better to everyone collage

The faculty of scet expalin the topic throughly and also how it can be used in industry or professional life . Besides that all the faculty really helps us with the doubt we have regarding any topic and guide us well .

It has been wonderful journey till far but have been missing the campus fun

Nice

I became Microsoft Student Partner in April 2020. Then I successfully completed Hacktoberfest 2020 in October 2020, and IBM Master the Mainframe Competition in January 2021. I also submitted a security vulnerability on HackerOne and got \$250 as a bug bounty reward in January 2021. In March 2021, I made "Agent Crop" - a Crop disease detection and cure suggestion system with API, so that anyone can implement this system in their own website or app.

As a student, i can say that SCET is the best college to be at. The professors here are very passionate and show their genuine desire to help students to achieve their goals. They want you to ask questions and are more than willing to help you prosper.

Good thing is, classes are not just theoretical. We start with theory but we jump into practical cases. This is a really good practice which has helped me in my internship at uffizio.

Apart from all the curricular activities, there were many events organized by various departments. Pandemic didn't stop us and so we had viva city in online mode this year.

My experience in MCA has been a wonderful balance of knowledge, skills , fun and friendship.

From my POV I got excellence knowledge here & faculties are too good.

First of all scet campus is very beautiful it is made good environment and all profeesior teaching very smartly so i understand most of topic in 1 time etc. I am study in 1 year so i explain very short 😊

EXCELLENT

It's good , I m very happy to take addimission in your institute. And I attained only 20 or 25 days of offline class but in that days I enjoyed a lot of scet campus.....☐

I Built a Leadership quality , Which Helped me with my co-operation with my fellow mates, eventually Tried many more stuff and learn Where i can Fit , For Best.

My learning journey at SCET is a phenomenal one , as excepted by one of the top 5 reputed engineering college/university in Surat. SCET offers different webinars , activities , competitions , workshops which will improve and enhance one's performance and capability to perform their tasks efficiently .SCET provides a golden stage for students to show their talent to the world , resulting in one's finest placement in their desired company/industry.

First I talk about the environment of scat collage campus, campus of scat is very big and very environment friendly structure so I love this place, and about the learning in scat is very good because in this pandemic situation we not go to school more time so we learn in online mode but scat faculties is very good and friendly teachers so really also like to study online mode. So this about the scat. Thank you.

Shine collage

Good college, nice teaching by sir and mam

We got to learn a lot of new things in college. Our personality development, skills, communication skills are all good after studying here.

Being at scet gave me a new exposure to upgrade my skills

Great experience

To understand the engineering we are doing and to develop the soft skills needed for this competitive world that we have learn from scet

It was a good experience all the factuality's were very kind to everyone specially the civil branch.

Learning in sect is very good. All the modern equipment is in the college. All faculty are supportive.

Learning new things is always fun, probably we are the lucky batch to attend classes at scet (before covid) 😊 and enjoy the environment.

Good teaching

First of all scet campus is big and beautifull it made good environment in collage and all profeesior are very intelligent so I understand most of topic .

its been delightful till now.

Best days of my life. I got new friends and more things to explore not just in my field but also in many other perspect

@SCET is like a fountain of knowledge & the students are there to drink!!

HOSPITALITY IS GOOD AND GIVE A DEEP KNOWLEDGE ABOUT EVERY SUBJECT..

The college has the experienced faculties and are very generous to help their students out. The campus life is cool. The faculty in field are most experienced one. The researches in the fields are immense.

Trust on self, Team work, Collaboration ,many other things

As we know every sky has a silver lining. So I learnt here my true potential and talent and how to pursue it

College with Great look and beautiful infrastructure , and it has well experience teacher with good skill of teacher

Since I am 1st year student, my journey at scet started in online education. For few days in between, offline college was started and from one of the activities held, I learnt Mandala Art there and got selected

It's an amazing experience to get knowledge through highly qualified faculty.

Informative,amazing, creative

Excellent college for study

I have not attained live at college but my experience through online is very great. In this pandemic our faculties are very supporting and understanding. They have done hard work to teach us. I really get good here. Thank you 🙏

Irreplaceable environment, Full of Encouragement, Always ready to help - supportive faculties. Lots of technical activities, placements advantages.

I have seen major change in my communication and technological skill after get admission in scet!

One of the best things about college life is that you get a new experience every day. In my college life, along with study, I and my friends enjoyed a lot of other things. We travelled lots of places, had new experiences and learned many new things.

It was very good.

With no one to look after ,scet is always there with me. its like exposure to the new world where friends and

With no one to look after ,scet is always there with me. its like exposure to the new world where friends and faculties became a family.i only wish if i could stay forever in scet.

I have learned somany things that writting down in 2-3 lines is impossible but some of them are courage, leadership, be innovative, be active and have empathy for all the things you learned.

It was a great journey with SCET. I have learnt so many things apart from academic. If I say in short then I had 360° transformation .

Best Education Provide in This Institute

Good teachers and good education provided by the college.

Overall experience of learning at Scet has been amazing part of my life. Ambience of Scet is so peaceful. Professors and faculty members at Scet are helpful.

It's good teaching. Excellent and supporting facilities.

Learning is scet is a very great experience . all the faculties are very helpful and helps us learn a lot of things

Along with academics got opportunities to follow my passion, learning to practically managing events, to designing event venues, representing college and university at national level. Learning was fun with competitive batchmates and with guidance of facilities. I'm grateful for support provided by professors and opportunities provided by SCET.

The college has the experienced faculties and are very generous to help their students out.The course structure on most of the indian colleges in outdated but the faculty gave us the more practical knowledge keeping the books aside. The faculty in field are most experienced one. The researches in the fields are immense.

Faculties are very good. Always helpful for students

I have learned some more new activities, some new skills, the most important thing that educational knowledge regarding my field.

Education and learning are so well. Here we have learnt so many simulation softwares and latest hardware modules. So that we can build our own project using different times of modules and softwares. Scet gives me so much knowledge and experience that I'm also using in my professional career.

I have learn academic as well as many more sport and cultural activities and most important is athletics.

My learning experience is Best in my 1st & 2nd semester, I learned lots of during this year,

Good experience in scet
Better study n good faculty

I learnt many things in scet. Like Fun, Creativity mind, Leadership etc. I learnt leadership skill. I feel more confident because my stage fear is gone.

SCET in environment is very awesome.

SCET in environment is very awesome.
SCET faculty behaviour is very nice.

The environment is very great for studies.
Professors are really very supportive
Very professional as well as very studious college

In every stage of life there will be imp to learn something. And at the stage of my college life ..
-SCET college & faculties teach me that how to express your things in different aspects.
-Social activities like NSS played a very important role in my 4 year journey.
-how to be intellectual to something this is learning by SCET.
-Technology & laboratories of SCET is good to enough for learning.
-Last but not the least,
SCET teach me that ..." You Can Achieve , What You Believe".

It is a great experience learning in scet. Mostly all the facilities are always ready to help us n motivate us.

Best experience and learning a new technology and best things..

Experience is amazing. I love that how I am growing everyday in this collage. I am learning new things every day. I am also looking forward to learn new things. Happy to be part of this.

I found myself so lucky to be in scet by getting knowledge everyday

Here are two important points that I have learned.

- 1.What not to do is as important as what to do.
2. Direction is more important than your speed.

It's the best college for learning MCA.

As an alumni when I look back at my college days, I wish it never ended. SCET is not just a college it gives all the platforms such as art, sports, literature to the students and helps them show case their talent. In my life, I am so much grateful to my college SCET for giving me endless opportunity to discover my talent. I miss SCET !

Online learning is good as well.

Learn about various things that change my mindset and to think and imagine on another level

it's awesome and great learning experience in SCET in both online and offline mode. it is very difficult to teach in online classes but all the faculties have great teaching skill so i get the best knowledge from scet.

A very good experience in this 7 months, It's our bad luck to learn the things in online mode , but the faculties are try very hard to teach us through online in very convenient manner ☺ I am very glad to be a part of SCET as a Student of MCA department.

Very Supportive Faculties, Good Knowledgeable Faculties, Osm Infrastructure, Nothing to Change any of the things.

For masters scet is a great platform not only masters but also all types of engineering field's. All professors are good teaching in all subjects.

All The Theoretical Topics Were Taught With Real Life Examples which is very easy To understand and All The prticals Were demonstrated Perfectly and Extra Practicals were/are covered For better Understanding Of the subject.

My learning at SCET was an amalgamation of innovation, creativity, enthusiasm added with immense knowledge. It was an hub of never ending spirit for sharing, caring and motivation. Uprooted my inner quest for learning & teaching and helped me to blossom in my desired career field.

It's amazing world for education system.

When I look back when I entered college I see tremendous change in myself now, For overall growth in person, SCET is the best college one can choose for engineering

The knowledge that our college imparted to us is one of the most valuable things in our lives. This all knowledge and experience which I gain from my college will help me to perform well in life's hard stages. Sarvajanik College of engineering and technology give me lot of confidence and motivation and that's all students want.

Good infrastructure, mostly biased faculties.

Marvelous experience

SCET, My College taught me lots of things from which I wanted to mention 3 most important things that I found, 1) How to Learn 2) How to Manage 3) How to Communicate. To elaborate all, I learned that on which technology/field I want to explore and Learn that. How to schedule, find sources to learn that, so overall I learned that how to learn new things.

All these workshops, seminar, events taught me to how can I manage my study along with extra-curricular activities.

And most importantly, I found that my communicational skills are very improved over the time which can be done by joining different groups like Photography Club, NSS.

Thus, at last I would like to thank SCET for all of these from the bottom of my heart.

SCET holds a very very special place in my heart. From professors to peon, every one at SCET are so friendly, caring and have provided me extraordinary support.

Not only for academics but also they have been my constant motivation and support in personal and physical challenges of my life. I will always be grateful for this.

All professors are well acquainted about academic and professional requirements of students. They have guided us very well.

SCET frequently organizes various Workshops, expert lectures and technical event in which students are encouraged to participate actively.

I consider my 3 years of MCA life in SCET as amongst the best years of my life.
And that's why I can proudly say, *yes I am a SCETian* ...
