CO OLYMPICS 2024

Sarvajanik College of Engineering and Technology (SCET) is one of the premier engineering colleges offering Technical Education in the field of Engineering since 1995. To bring out the hidden talents in sports, CO-Olympics has been conducted every year since 2014.

The CO Olympics were held at Sarvajanik College of Engineering and Technology on February 16th-17th, 2024 at K.P. Commerce College Ground was a vibrant and spirited event showcasing the athletic prowess and competitive spirit of the students and faculty alike. With a wide array of games and activities, the event fostered camaraderie, sportsmanship, and healthy competition among participants.

The games included in the CO Olympics spanned a variety of sports, catering to different interests and skill sets. Cricket, a beloved sport in India, saw teams battling it out on the field with fervor and skill. Kabaddi, a traditional Indian sport known for its fast-paced action and physicality, added an element of excitement to the event. Volleyball brought together teams for intense rallies and strategic play, while badminton showcased agility, speed, and precision.

But the CO Olympics wasn't just about mainstream sports. It also featured unique and traditional games like tug of war, where teams tested their strength and teamwork in a gripping showdown of sheer force. The relay race, lemon and spoon race, carrom, and chess added diversity to the sporting lineup, ensuring there was something for everyone to enjoy and participate in.

What made the CO Olympics even more special was the involvement of faculty members, who joined in the spirit of the games alongside students. Their participation not only added to the competitive atmosphere but also fostered a sense of unity and community within the college.

Throughout the two days of the event, the grounds of Sarvajanik College of Engineering and Technology buzzed with energy as participants cheered on their teammates, strategized for upcoming matches, and celebrated victories. The CO Olympics provided a platform for students and faculty to showcase their talents, build friendships, and create lasting memories.

For the great success of the “CO-Olympics 2024”, we express our gratefulness and wholehearted thanks to Honorable members of Sarvajanik Education Society for providing such a nice opportunity and facilities for organizing events. We also express gratitude to the respected Principal, Dr. Hiren Patel and Head of the Department, Prof. (Dr.) Dipali Kasat for their enthusiasm and support for the success of the event. We are also thankful to the entire staff members of the Computer Engineering Department. We are sincerely grateful to Dr. Mayan Dalal, Dean SAWC and Prof. Dilip Patel, Sports Instructor (SCET). At last our heartfelt thanks to the Team “CO-Olympics 2024” for their coordination to make the event successful.
