Participation:

In total, we received **46** entries from students across all branches and different years of our college.

Event Summary:

The SCET Photography Club successfully organized ***Shutter Talks*** on 6th August 2025 at the Chemical AV Room. The session served as an introductory event to welcome new members and showcase the vibrant spirit of the club.

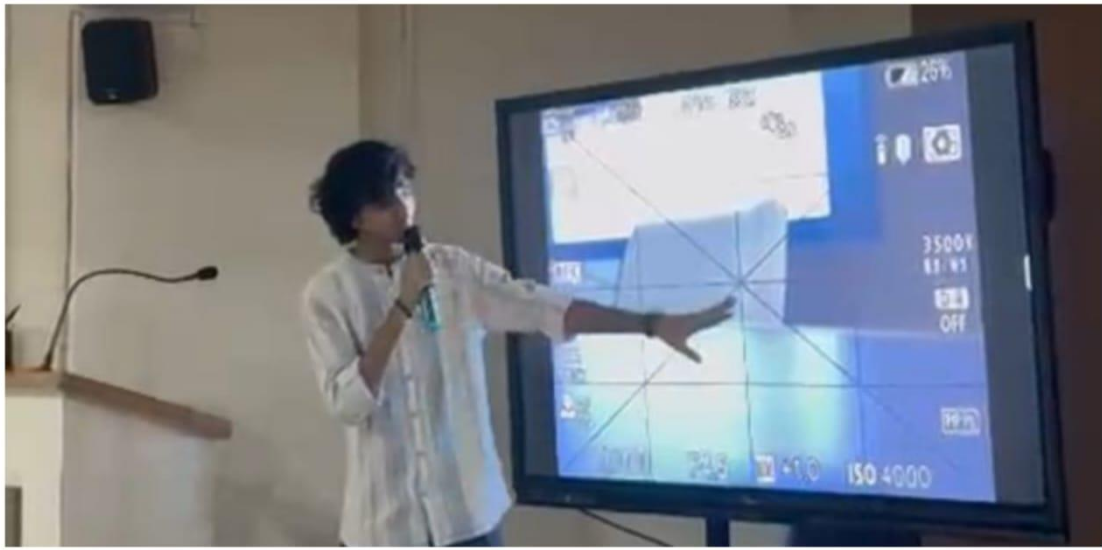

The talk was an inspiring and insightful session that brought together photography enthusiast students to share their experiences and knowledge. The event aimed to provide participants with a deeper understanding of the art and technique of photography, covering topics such as composition, lighting, storytelling, and post-processing. The speakers shared valuable tips and real-life experiences that motivated attendees to view photography not just as a hobby but as a powerful medium of expression.

The program began with a warm interaction, where the coordinators introduced the club, its mission, and the exciting opportunities it offers to photography enthusiasts. Attendees got the chance to learn about how the club fosters creativity and collaboration among students.

Adding great value to the session, the club's former coordinator Krish Patel shared his knowledge and experience with the participants. He guided students through the basics of camera settings, types of shots, angles, composition techniques, the exposure triangle, the rule of thirds, and more—helping them see photography through his unique perspective.

This interactive session not only familiarized participants with the activities of the Photography Club but also encouraged them to engage, share ideas, and look forward to future events.

The interactive nature of '*Shutter Talks*' made it especially engaging, as participants actively asked questions and shared their creative ideas. The session concluded with a short demonstration of photography techniques and a Q&A round, allowing everyone to learn practical skills that could enhance their work. The event was a great success, fostering creativity and inspiring participants to explore new perspectives through the lens. Overall, *Shutter Talks* was a short yet impactful meet-up that set the stage for many upcoming creative endeavors, while building a stronger community of photography lovers at SCET.

Concluding remarks:

The ***Shutter Talks*** introductory session by the SCET Photography Club was a meaningful success, bringing together students who share an enthusiasm for photography. The event created a friendly platform for newcomers to learn, interact, and discover the creative opportunities that the club has to offer.

With the insightful guidance of former coordinator **Krish Patel**, participants gained a strong foundation in essential photography concepts and techniques, sparking curiosity and inspiration among attendees. The session also helped the club strengthen its community and attract fresh talent eager to explore the art of photography.

The SCET Photography Club is grateful for the active participation and interest shown by the students. With new members joining in, the club looks forward to hosting more engaging sessions, workshops, and creative activities in the future—continuing its journey of capturing and celebrating stories through the lens.

Acknowledgement:

The team SPC extends a sincere thanks to Dr. Hiren Patel, Principal, SCET, for his support to conduct this creative photography event. We also thank Dr. Mayank Dalal, Dean, SAWC, for aiding us to make this event a huge success. We thank all the staff members and students of SCET for their enthusiastic participation.

Thanks and Regards,

Prof. Bhumika Patel (Coordinator, SPC)

Prof. Satish Dokiparti (Co-coordinator, SPC)
