Dr. Chitra N. Joshi Co-ordinator	Prof(Dr.) Jitendra R. Ajmeri. Head of Department	

Department of Textile Technology had organized Research Talk on 09.09.2021. **Mr. Kiran Pandya, (G.M Business Development), Grasim Industries Ltd., Surat** was the eminent speaker. The topic was “**Development of new products with Viscose Yarn**”. Also our second speaker **Mr. Dev Shah (M.Sc Textile Technology)** currently working at SCET as Ad hoc assistant professor in textile technology department, gave brief talk on the topic of “**Research and post graduation opportunities Abroad after graduation in textile**”

Prof. (Dr.) Jitendra R. Ajmeri (Head of the department) gave brief introduction about both the speaker. Dr. Chitra N. Joshi and Prof. (Dr.) Krishma Desai gave memento and flower respectively to welcome both Speakers.

On this occasion, Shri Kiran Pandya covered various aspects of Viscose Yarn during his talk. He explained fundamentals of manmade fibers & highlighted recent developments in Viscose Yarn. He also discussed about future trends, sustainability and environment concerns etc.

Furthermore, Mr. Dev Shah gave a brief guide on the scope of post graduation study and research in the field of textile. He also guided student about cost of living and scholarship for study in The UK, USA, Canada and many other country.

The event was concluded by Light Refreshment. Around 100 students and staff members were present during the talk.

Acknowledgement: Department of Textile Technology is thankful to and Prof. (Dr.) Chirag N. Paunwala, Dean (R&D) for the approval and kind support for R&D talk.
