Some Glimpses.....

We love when our alumni make us proud, which they often do....

The event would not have been possible without the support of our respected Principal madam **Dr. Vaishali Mungurwadi**, SCETAA for providing banner, the administration section for allowing utilization of the infrastructure and facilities at the N. J. Seminar Hall, all teaching and non-teaching staff of Civil engineering department who helped directly or indirectly during the event.

We will definitely continue this tradition and will try to gather many more alumni at their own place (SCET).
