

Sarvajani College of Engineering and Technology

"ALUMNI TALKS"

Environmental Engineering Department

A Report on Interaction with an Alumnus

**Organized by:
Department of Civil Engineering**

30 September 2016

Prof. Mehali Mehta

Prof. Ankita Parmar

First Event '*Alumni Talks*' under the banner '*Share what I gain*' was successfully executed on 30th September, 2016 by Environmental Engineering Department with the support and kind suggestion of Head of Department **Prof. Dharmesh Bhagat**. Alumni Talks, alumni sharing their career paths to students and selection of their dissertation topics were the main area of the talk. Five prominent alumni from different professional career were invited to create a link between alumni and present students. They delivered inspiring speech for our students as well as they threw light on different probable areas of job placement. All the faculty members associated in ME Environmental Engineering were present throughout the talk.

Objectives:-

1. To create a dynamic link between the current students and Alumni.
2. To make aware of SCETAA alumni association committee and website.
3. Support from Alumni in providing better wholesome education to students.
4. To enrich students with their experience in Professional career with regard to development of curriculum etc.

Invited Alumni

1. Mr. Parth Desai
[M.tech Environmental Engineering]
Batch: 2012-2014.
