## **Report of Techfest 'COIN 2K15' ,IC Dept.**

**Date of event: 18<sup>th</sup> and 19<sup>th</sup> September**

Instrumentation and Control departmental celebrated its annual techfest “**COIN 2K15**”- 'Creativity of instrumentation and Novices' on 18th and 19th september. The function started at 9.00 am on 18th sept and was finished on 19th sept at 5.00 pm.

Starting with prayer, function was inaugurated by **Mr. Niraj Desai**; he is a **Managing Director in Nish Techno Project Pvt Ltd.**, Surat. His motivational speech to the students made the event grand open. Dr. Utpal Pandya, HOD, IC Dept. felicitated Mr. Niraj Desai with memento. After that paper presentation, which was the first event, started. Students gave presentation on various technical topics like blackhole, virtual instrumentation, etc. One of the event was Virtual placement where all the three levels of selection for job were kept as an event i.e, Aptitude test, Group discussion and personal Interview. 1<sup>st</sup> and 2<sup>nd</sup> round was conducted on 18<sup>th</sup> sept and personal interview was conducted on 19<sup>th</sup> September. Personal interview was taken by **Mr Dharmesh Dhumasiya** who is working as a Senior Manager in Reliance Industries Limited, Hazira. He is a 1<sup>st</sup> batch pass out student from SCET, IC dept. Mr. Dharmesh also gave some guidelines to students about preparing for any interview. He took a lecture on Safety techniques in industry. Other technical event was Big Quiz. In Big Quiz; 1<sup>st</sup> round was crossword related to various basic physics questions and 2<sup>nd</sup> round was live quiz where 5 teams got selected, each team was of 2 students. Live quiz was a buzzer round where students were required to bang if they knew the answer. Live quiz was divided in 3 sub rounds; one was mcq round, 2<sup>nd</sup> was normal questions and 3<sup>rd</sup> was rapid fire round.

Various technical and non technical events were conducted. More technical event was 'Who will be the Byomkesh Bakshi?' It is like a technical treasure hunt where each team has 3 students and they were needed to find the next clue to reach the final destination where they were asked to implement one circuit. This event was based on parallel and series network of resistors. Also there were various events like Devil's Advocate, Out of the box, IC's got talent, treasure hunt, one minute game, cs, nfs, capture the moments. Devil's advocate is the type of event where you were provided negative topics and you have to speak in the favour of the topic like “Caste Discrimination should be supported’ and so on. Out of the box was fully based on creativity of students. There were total 10 teams each of 3, were provided different boxes having different materials like vegetables, bottles, circuits and so on; and they have to make something creative out of this. IC's got talent was the talent hunt for the students who loves singing, dancing, instruments playing, stand up and etc. It was the best event for them. Treasure hunt is an event in which to reach to the last stop of the clue. Nfs and cs were normal lan gaming. Hero of 60 seconds i.e one minute game included sms typing, maths quiz and so on.

Awards were kept as a trophy for 1<sup>st</sup> and 2<sup>nd</sup> and certificates to all 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> winners. Also new award was kept for the best student in each class of four years i.e; Star IC of the year. This award was for the one who has participated and won the maximum no of events.

**Nandkishor Joshi**

**(Faculty Convener)**
