A Report on

(17th - 18th Sept 2021)

Organized by

Department of Information Technology

Under the banner of

Converse 2021

SCET organizes the technical festival 'Kshitij – AnantGyan Ki Talash Mein' annually since 2002. This techfest is conducted for the young brains to boost their technical knowledge and showcase their innovative and creative skills.

Inauguration of Converse 2021:

The inauguration of Converse 2021 under the banner of Kshitij was held on 17th September, 2021 in Information Technology Lab. It was enthusiastically attended by all faculty members of IT department along with energetic student conveners, volunteers and participants.

The Department of Information Technology organized Converse 2021 under the banner of Kshitij 2021 on 17th and 18th September, 2021. The event received phenomenal response from all student participants which made the event a successful one. This year following categories of events were conducted during Converse 2021.

- WYSIWYG – (What You See Is What You Get) Website Designing Competition.
- Codathon – C/C++ Programming Competition
- Image IT – Poster Making Competition
- PY IT – Practice Your Interview Test
- IT Quiz – Online Quiz of IT related MCQs
- Logo Hunt – Identify the given logo is of which company

Brief sketches of all the events are described below.

1. WYSIWYG: (What You See Is What You Get)

A responsive website gives better experience to the user. So, this event was mainly conducted for the students to improve their creative skills in designing a website using software tools such as Wordpress, HTML, CSS, Visual Studio IDE etc. The themes given for designing were:

- Olympics
- Tourism
- Photography

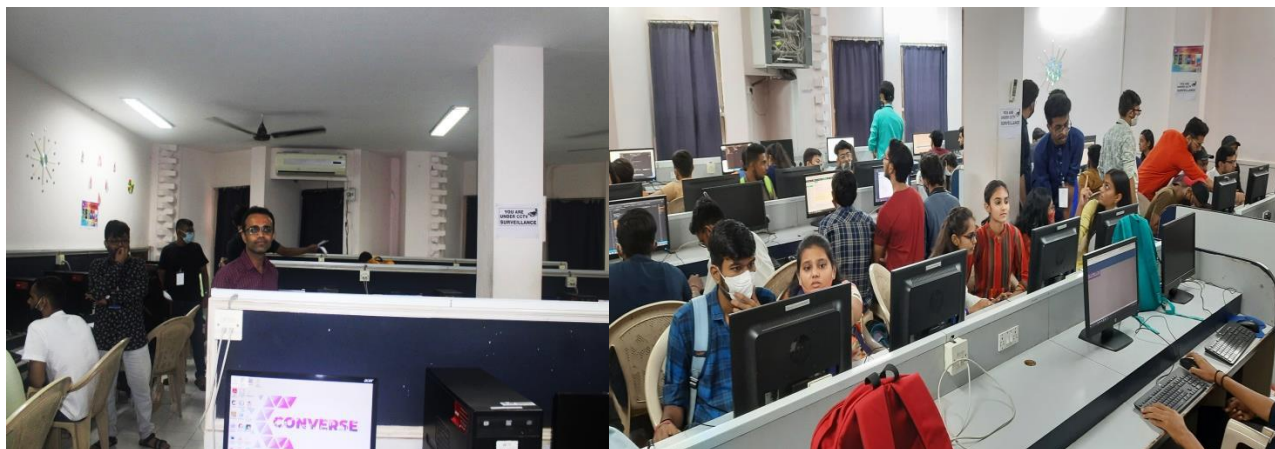

The faculty head for this event were Prof. Tushar Gohil and Prof. Bhumika Patel. There was overall participation of 50 teams in this event.

2. Codathon:

This was a coding competition in which students were given a particular problem that should be solved through their programming skill in C/C++. Students participated in group of 2 members. First team member started coding for the given problem statement for 30 minutes. After completing first half of the coding, next team member completed the coding in next 30 minutes. If there was tie between students, then code-complexity and readability was considered as tie-breaker.

The faculty head for this event were Prof. Ashish Kharwar and Prof. Bhargavi Rani. There was overall participation of 75 teams in this event.

3. Image IT: Poster Making Competition:

In poster making competition students made colorful posters on some technical and general themes given to them. The event comprised of team of two students. Each team made posters on the below mentioned themes. Students were also given option to make posters digitally. Some teams made digital posters and some made posters on A2 size Paper sheet.

- Covid-19 awareness
- Garbage Segregation
- Online Vs. Offline Education
- Evaluation of Technology

The event was headed by Dr. Dhruvi Sharma and Prof. Bhargavi Rani. There was overall participation of 30 teams in this event.

4. PY-IT: Practice Your Interview Techniques

PY IT event was focused on enhancing the interview-giving skill of students. The event comprised of three rounds. It started with an online aptitude test in which the questions were based on quantitative aptitude, logical reasoning, data interpretation and general knowledge related to IT.

The second round was group discussion in which shortlisted students from first round were involved to showcase their presentation and leadership skills by expressing their view on a particular topic in a group. The final round was personal interview in which the qualified students from group discussion faced the direct interview with the interview panel of faculties, which gave them more confidence as and when they appear for interview in companies.

The faculty heads for this event were Dr. Vivaksha Jariwala, Prof. Mukesh Patel and Prof. Apurva Mandalaywala. There were total 176 entries for PY-IT.

5. IT Quiz:

This was an online quiz competition in which multiple choice questions were asked related to the field of Information Technology. The students got good opportunity to improve their knowledge related to IT sector.

The faculty heads for this event were Prof. Tushar Gohil and Prof. Komal Waykole. There were total 256 entries for IT Quiz.

6. Logo Hunt:

Logo hunt is an event where you have to identify the maximum logos correctly in stipulated time. Around 30 logos were displayed using a multimedia projector and contestants had to identify them by matching logo with corresponding names.

The faculty heads for this event were Prof. Bhumika Patel and Dr. Dhruvi Sharma. There were a total of 140 entries for logo Hunt.

Participation Details:

Event Name	No. of Participants
WYSIWYG	100
Codathon	150
Image IT	60
PY-IT	176
IT Quiz	256
Logo Hunt	140
Total	882

Prize Distribution/Valedictory Function:

The valedictory ceremony was held at IT classroom wherein prizes and certificates were awarded to winners, participants and volunteers. The snapshots of prize distribution are given below.

Acknowledgements:

We would like to thank SES management for providing the infrastructure and support for conducting the event. We heartily thank SAWC for providing the fund to conduct the event. We would like to thank Dr. Mita Parikh, Head of Department for her support and guidance in conducting Converse 2021. Many thanks to all the faculty members who gave their full support in all the events. We are also thankful to non-teaching faculty for their support during events. Special thanks to entire team of student coordinators and volunteers for their efforts towards making Converse 2021 successful. Finally, we thank all the participants without whom the event could not have been conducted.

***Prof. Hiren Vavaiya,
Prof. Mittal Patel***
