A Report of Expert Talk on “Plagiarism: Detection, Issues and Challenges”

We are glad to inform you that M.C.A Department had organized the Expert Talk on “Plagiarism: Detection, Issues and Challenges” as a part of Research Oriented Drive. The main goal of this talk is to bring awareness of Plagiarism among faculties and research scholars.

Speaker:	Dr. Gaurang Rami
Designation:	Professor under Career Advancement Scheme (CAS) Department of Economics, Veer Narmad South Gujarat University, Surat.
Date & Time:	5 th March, 2016 Saturday 10.00 am to 12.00pm
Venue:	N. J. Seminar Hall, SCET.
Targeted Audience:	Faculty Members and Final Year Students from M.C.A., C.O., E.C. and I.T. Department (B.E. and M.E.)
Coordinated By:	Prof. Gayatri S. Kapadia, M.C.A. Department
Participants:	80+ Students and 18+ Faculties of Inter-disciplines

Prof. Gayatri Kapadia welcomed Dr. Gaurang Rami Sir and facilitated with flowers. Dr. Gaurang Rami initiated the talk by showing his gratitude towards Dr. S. V. Patel Sir and Prof. Gayatri Kapadia, Head – MCA Department for inviting him for this Expert Talk.

Dr. Gaurang Rami discussed various aspects of Plagiarism, different causes for research papers’ rejection by reputed journals and also presented process of Publishing Research Paper in National and International Journal, very effectively with Flow Chart.

Dr. Gaurang Rami shared his views and experience of using various websites and software packages available for efficient Plagiarism Check and also explained different parameters and/or measures like Gunning Fog Index, Flesch Reading Ease and Self Plagiarism (also called Recycling Fraud) which give detailed clarity for taking precautions against Plagiarism.

Dr. Gaurang Rami enlisted a few paid and open source software for Plagiarism checks by showing online (live) demonstration and also drew attention to the website www.urkund.com, the use of which is initiated by UGC (University Grant Commission) and MHRD (Ministry of Human Resource Development) in India through IFLIBNET.

The Expert Talk by Dr. Gaurang Rami was effective to fulfill the need of Plagiarism Detection by overcoming methods for cross citations against existing verbatim. The talk concluded with a brief outline on effective writing and technical skills for research papers.

Prof. Sapana Desai presented a vote of thanks and gave concise highlights from the talk.

A few glimpses are attached here...
