Report on Industrial Visit to Narola Infotech, Surat

The Department of Information Technology organized an Industrial Visit as a part of Induction Program for the 1st year IT (Sem-1) students to “**Narola Infotech**” located at Adajan, Surat. Narola, is an IT software development company that provides custom software development services and enterprise mobility solutions to clients in USA and Europe. It serves its clients technical solutions for Website development, Mobile application development and Game development.

The objective of this visit was to make new comers into the field of Information Technology aware about the practical environment of software development and the scope of their branch in near future.

The visit commenced at **10:00 am on 3rd August 2018**. A total of **56 students** (B.E.- 1st Year, IT, Sem-1) had joined the visit. The students were accompanied by faculty members **Prof. Dhruti Sharma** and **Prof. Mukesh Patel**.

Upon reaching the premises of Narola Infotech the students were first addressed by Ms. Roma, HR Manager. She had introduced the three sections of the company Mobile development, Web development and Game development. Afterwards, Mr. Suresh, Project Manager gave the students a walking tour through these departments and demonstrated various live projects.

Through discussions with employees of Narola Infotech, the visiting students got information about current trends in programming languages as well as mobile application development environment.

Few Glimpses of Visit to Narola Infotech
