Starting the session with honourable prime minister's talk **"Man Ki Baat"** energized all of us for great and historical moment. By dividing our self randomly in two groups **Ruling Party** and **Opposition Party**, mock parliament started.

The students performed the role of Honourable speaker, Honourable Ministers, Leader of opposition party etc. All started debating on ignited questions from current topics keeping in mind rules which we learnt in practice session.

Understood methodology and working of parliament from which, question answer session divided in three parts,

1. Question Hour
2. Zero Hour
3. Make Laws / Pass Budget

What happens in Parliament

❖ Mock Parliament

❑ 28th January, At Knowledge Consortium of Gujarat

Accomplishing motive behind two sessions **Question hour** and **Zero hour** happily moved towards another session where **Ruling party have to pass bills** out of three.

1. Bill for youth and development
2. Robotics bill
3. Start-up bill

With agreement of all Members of Parliament first two bills passed successfully and some of the members gave their suggestions regarding the bill as well betterment of current India.

Hence all students from various universities of Gujarat learned working of parliament as well how to face debatable question at some critical point. We learned how to tackle situation with humble nature and systematic way. Taken initiative to breakdown student's barriers and reviving healthy spirit of student is really appreciable.
