

A Guest talk organized by Chemical Engineering Department on topic that is the need of today , Positive Attitude & Optimist Approach entitled, "MUMKIN HAI...It's possible" got tremendous response from students and staff.

The talk was delivered by Mr. Nirav Trivedi (Green Dot), a person with specialization in Process management, TPM, TQM, 20 KEY, 5s, strategic business development & Training people to perform better on 19th August 2015, Wednesday from 2:00 p.m to 4:00 pm in Tifac Seminar hall.

Talk was very effective, impressive and inspiring. Mr. Nirav tried to inculcate an idea of positive attitude towards life & always having an optimistic approach towards obstacles & difficulties in life with real life incidences, demonstrations and examples from Geeta, Mahabharat & Ramayan. It was indeed a splendid experience for all the faculties who attended the session along with all four year students of Chemical Engineering.

A new outlook towards every problem spurred after his session of two hours.

Few glimpses have been attached herewith for your kind perusal.
