MCA Department organized a Webinar on Awareness of MCA course. The main emphasis was to guide the final year students of graduation for their career, by informing them about what are the possibilities and scope after completing graduation and selecting MCA as their post graduation.

Speaker:	Prof. Prashant Keswani	Prof. Zankhana Vaishnav
Designation	Assistant Professor, MCA, SCET	Assistant Professor, MCA, SCET
Date & Time :	20th July 2020 (10.00 AM)	
Venue:	Online Event (Google Meet)	
Targeted Audience	Final Year Students (BCA, B.Com, B.Sc, BBA)	
Coordinated By:	MCA Department	
Participants:	40 Participants	

The session started with basic introduction of the course and importance of post graduation.

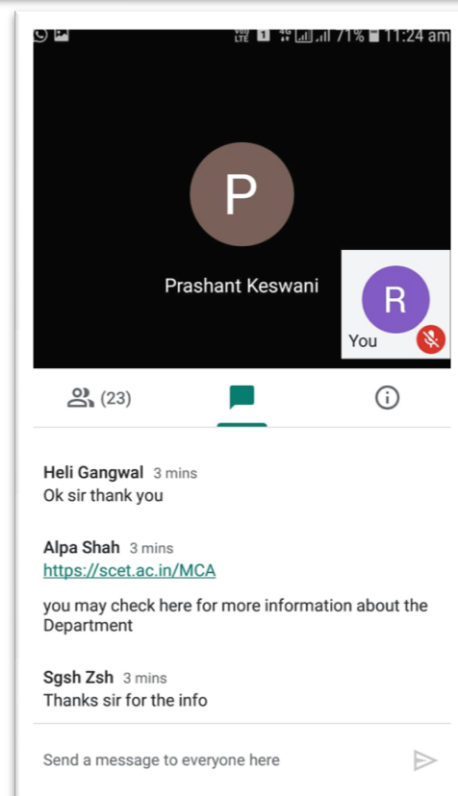

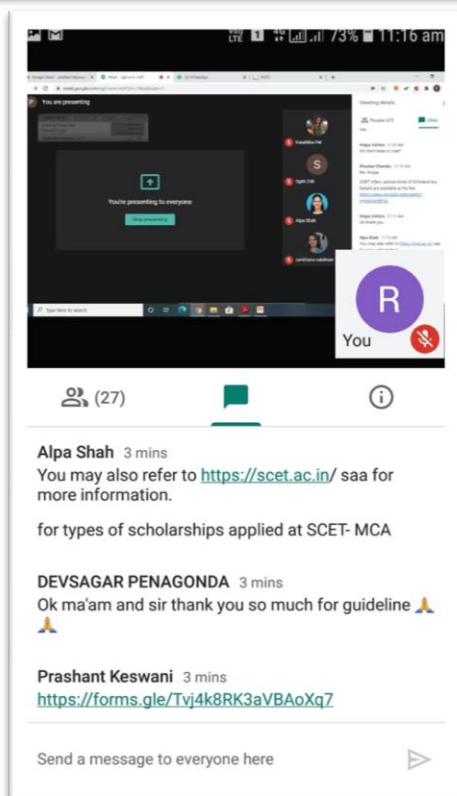

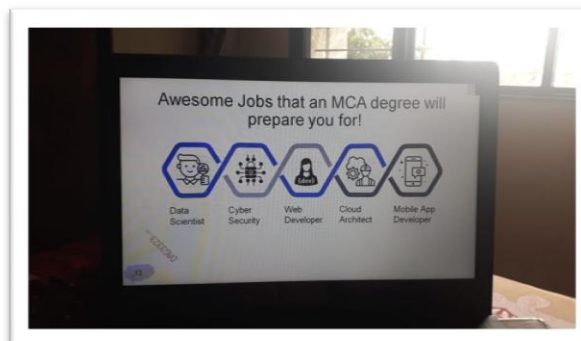

Highlights of the Talk	
	General information of the course
	Intersecting domains in Engineering and the STEM problem
	Importance of Computer Science
	Job Prospectus after MCA
	Step wise admission procedure
	Q&A session

The session ended with the Q&A session where students resolved their doubts about admission procedure, course curriculum and placements.

The session was very informative and fruitful for students.

We express our thanks to **Prof. Kaushika Pal**, Head, MCA Department to motivate us for conducting such session to spread awareness about the course and encourage students to take admission in MCA. We would also like to extend our gratitude to **Dr. Hiren Patel**, Principal, SCET Engineering for his continuous support.

Some glimpses of the online session are shared below.
