DONATION TO BLIND ASSOCIATION OF INDIA

India shoulders the largest burden of global blindness. One out of three blind people in the world lives in India – an estimated 15 million blind people lives in India. Blindness has been recognised as an important public health problem in India. The loss of sight causes enormous human suffering for the affected individuals and their families. It also represents a public health, social and economic problem for a country. Up to 80% of blindness is curable or preventable and there are 2 million blind children in India. Only 5% of them receive any education.

Realising the essence of the social responsibility towards the visually challenged community, National Service Scheme (NSS) team of SCET, went for fund-raiser, for a NGO - **Indian Association for the Blind (IAB)**.

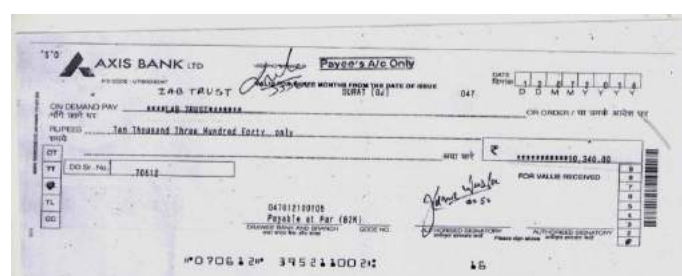

Nestled in the village of Sundarajan patty in the outer fringes of Madurai in Tamilnadu, the Indian Association for the Blind (IAB) was started on January 14, 1985; by S.M.A. Jinnah, a visually challenged activist. Despite losing his vision at the age of 13, and much against the wishes of his family, Jinnah chased a dream called education. He realised the key to empowering people with visual disability that would help them travel the road to independence and self-reliance is education.

IAB is committed to promote comprehensive education, employment and rehabilitation opportunities for socios economically disempowered visually challenged children and adults, with a special focus on those living in rural areas.

It's my pleasure to share that with the support of all students and entire staff of SCET we were able to collect **Rs.10, 340/-** for the Indian Association of Blind as a gesture in form of donation from our side to help those who are in need of that at their end.

We are thankful to our NSS volunteers who had worked hard in collecting the fund and we as a team are also thankful to **Principal Madam, - Dr.Vaishali Mungurwadi** for her guidance and support.

We pledge, ever year NSS team will go for a fund-raiser for a NGO, in order to help every needy community of our society because we believe that a Nation will only progress when every community of our society will progress.

Patients with blood disorders like Leukaemia, Lymphoma, Thalassemia can be cured through a blood stem cell transplant from a genetically matched donor. There were 32 participants in this event from four categories starting from the 3rd grade to the college students. I was honoured and privileged to receive the first position. It was a great experience for me where I learned a lot about the culture and the diversity of India. It gave me a lot of inspiration for my future endeavours. I'd like to thank my college Sarvajani College of Engineering and Technology who gave me a chance to demonstrate my talent on such a major platform.

क्यों ये पेड़ अलविदा कह रहे हे मुझे हसके।
क्यों दिखे ये घर हर पल खिसके-खिसके।

कैसे डूबता हुआ सूरज चांदको बुला रहा मिलनेको छुपके
छुपके ।
क्षितिजमे मिल न पाते प्यासे देख रहे एक दुसरेको छुपके-
छुपके।

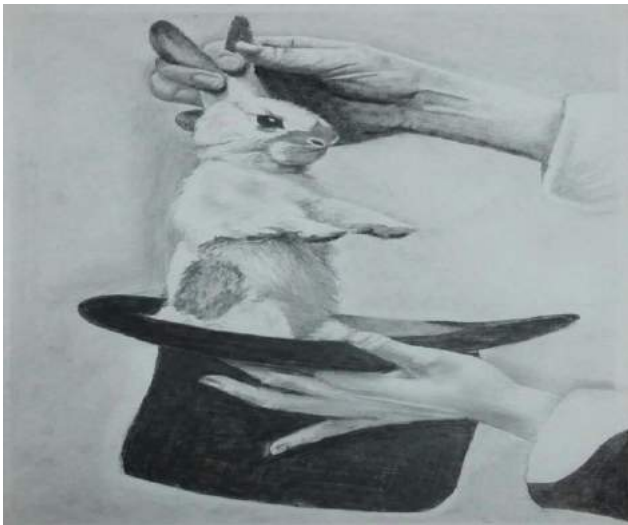

चांद कहे ये केसा प्यार!! हररोज़ जन्मे दूसरा,पहले की मौत
के साथ ।
मिलते हे प्यारके परिदे हमेशा, तो क्यों हो रहा अन्याय
हमारे ही साथ ।

सूरज बोल रहा यही सत्य हे
जिसने न पिया एक बूंद भी हाला।
वो ही बना सका मधुर मधुशाला।

यही तो सच्ची परीक्षा हे अपने प्यार की।
दिलके अंदर जी रहे सच्चे इमान की।

क्यों इतराती हे जिंदगीसे इतना।
मिलेगा लिखा जितना भाग्यमे उतना।

खुश हो के तू मुझे रोज़ दिन-रात देख तो पाती हे ।
'सरहदवाले' की भर्तुका हररोज़ गीली आँख सो जाती हे।
ऐ चांदनी! हिम्मत रख तू, क्यू ऐसे दुखी हो जाती हे।
आस रखे तुजपे...
हर करवाचौथ को वो पति की उम्र मांग जाती हे ।

Out of these acts, few of them even reached final round:

- ☐ Duet Dance
- ☐ Folk Dance
- ☐ Doodle Making

This was the first time that students represented SCET in an Asia Level Cultural Festival competing with different colleges across nation. Hope to see more enthusiasm in students for MOOD INDIGO 2017.

Exuberance 2017

The idea of **Exuberance** was mooted in the year 2014 whereby the idea was to conduct **all the activities in the span of 1 and half day**. This normally would be spread out on Friday and Saturday so that teaching be least hampered. The term Exuberance was coined by the students team. Exuberance has since then grown up in leaps and bounds in terms of **student participation, organisation and enthusiasm**. The event is completely **funded** by **student activity council (SAC)**. It was from the year 2013 that we started getting a share of SAC funds. It was in 2014 that we started with the event **Flash mob** to attract student participation which was obviously an instant hit! Later it was decided that the Event Exuberance would be declared open by Flash mob. The Flash mobs have always been theme oriented. And this year was no exception. The success story of Exuberance -14, 15-16 made us rethink re-plan and **divide the event in two semesters**. We were compelled to divide the total activities-including workshops/seminars in both semester and yet the participation graph keeps on touching new heights, with new activities added as suggested by faculty/student team Art and Intellect.

A very important initiative in year 2016 by students and staff team was to

- Design Diwali cards
- Design Rakhi

for Army men sitting on border as a small token of appreciation of their efforts and sleepless nights

The efforts put in by **Art and Intellect secretary, Ms Jinal Doda and past student-chairs of event Ms Megha Ramsnehi** and the entire team added extra flair and flavor to the success of event !!!

Seminar on “Resume Writing, Application Writing and Email Writing” and
“Make these four years count!”

It is rightly said that – Show me your resume I will tell you will be hired or not ! Quite true - your resume says a lot about you, it determines whether you will be called in for an interview or not. Even writing application and emails are also an important aspect for students to apply for a job. Taking all this into consideration the Art and Intellect committee in association with SCETAA organized a seminar on “Resume Writing, Application Writing and Email Writing”.

Ms. Rachita Rasiwasia who happens to be a SCET alumni was the speaker. The seminar was organised for 3rd and 4th year students on 4th March, 2017 9:30 am to 11:30 am at NJ seminar hall. More than 60 students benefited from the same
