A Report of an Expert Talk on “Nature and Wildlife Photography”

“A great photograph is a full expression of what one feels about what is being photographed in the deepest sense and is, thereby, a true expression of what one feels about life in its entirety.” Photography as an ever changing set of technical, conceptual and aesthetic conditions that exist within a broad social and cultural context.

The aspiration of SCET PHOTOGRAPHY CLUB (SPC) is to expertise, discover and unveil a photography talent within engineering students. With such a desire, SPC has taken its first initiative by organizing an enthralling session by a renowned professional.

SPC has organized an Expert Talk on ‘**Nature and Wildlife Photography**’ by a prominent photographer **Mr. Saurabh Desai**. Mr. Saurabh Desai, a Nature and Wildlife Photographer, is the owner and founder of 50mm media production house at Surat. He is also a founder of a famed club named Drashtikon Surat. His photos are published in WWF international calendar, Saevus Magazine, National Geographic Magazine and on Sanctuary Asia cover page.

INSIGHT:

- Prof. Bhumika Patel, Assistant Professor, I.T. dept., welcomed Mr. Saurabh Desai and Dr. Mayank Dalal, Dean, SAWC, has felicitated him with flowers.
- Mr. Saurabh shared his experience as a Wildlife photographer and also directed the enthusiastic students to the important basic photography aspects. He shared precise valuable tips to make the photographs more pleasing.
- He guided the students on basic DSLR camera modes, shutter speed, aperture, ISO, metering modes, rule of one third and many more technical matters. An interaction session with students was followed by his talk.

- Dr. Prathmesh Vyas had given a vote of thanks and felicitated the speaker with a souvenir.
