Completed M.Sc. in Textile Technology with Technical Textile from The University of Manchester United Kingdom in 2017.

Department of Textile Technology organized an interaction session under the banner of “Share What I Gain”, initiated by SCET Alumni Association for the students of SCET on 6th February, 2020. The purpose of the interaction was to facilitate a talk between alumni and our present students, in order that the students may derive information regarding state-of-art practices and new developments in the Textile Industry, ideas to pursue higher studies and achieve their aspired goals.

Session 1 (10:30 am- 11:30 am)

The lecture in the first session was titled: “Production, planning & control in Textile Industry” and was attended by the students of BE II, BE III & BE IV (Textile Technology).

About The Alumni

The invited alumni for this interactive session was **Ms. Riya Shete** - alumni from the batch 2016 of Textile Technology Department. She is presently Junior Officer - Exports, Logistics and Imports at Garden Silk Mills Limited (Surat)

Highlights of the interaction:

- She gave an overview of the process flow at Garden Silk Mills.
- She explained the parameters and planning to be done for the procurement of raw material and the logistics behind it.
- She also highlighted the various aspects to be considered while planning of the production, pre sales and post sales so as to achieve maximum output.
- She ended her talk by giving tips to the students to successfully face an interview.

Session 2 (11:30 am- 12:30 pm)

The lecture in the second session was titled: “Scope of Manufacturing Ballistic Resistance Vests/Jackets in Surat (Gujarat) India” and was attended by the students of BE II, BE III & BE IV (Textile Technology).

About The Alumni

The invited alumni for this interactive session was **Mr. Dev Shah** - alumni from the batch 2015 of Textile Technology Department. He further pursued M.Sc. Textile technology with technical textile from The University of Manchester United Kingdom in 2017. He is presently working assistant supervisor at Garodia Polyester Pvt. Ltd.

Highlights of the interaction:

- He gave an overview of the Technical Textile Sector In India and the Projections & Market Share of Protective Textiles
- He further introduced the students to his research carried out during his masters and made them aware about the Principle & Types, Classification Levels & Standards for Ballistic Resistance Test of the Ballistic Resistance Vest/Jacket (B.R.V.)
- He explained the Raw Materials for Ballistic resistance vest, Fabric Production, actual Making of B.R.V. and the Performance Test of the same.
