Report On Industrial Visit at Adani Port

“Either you sit on the pile of CASH or you continue to GROW.”

— Gautam Adani

MCA department has arranged an industrial visit to Adani Port, Hazira under Project Udaan by Adani Foundation which is learning based initiative focused on the youth coming from various schools/colleges across the state of Gujarat.

Highlights of Industry Visit:-

1. Discussion about importance of IT in the field of logistics.
2. Talk on safety & precaution need to be taken before working on various equipments.
3. The software products they uses for automation.
4. Visit to Marine Room.

Under the project UDAAN, an exposure tour is organized wherein students are given a chance to visit the Adani Port, to get an insight into the large scale business activities carried out there. The major objective behind organizing such trips is to encourage young minds to develop an interest in all sorts of enterprises, and to encourage them to dream big in life.

Date:	28/02/2018, Wednesday
Time:	9:00 AM to 4:00PM
Coordinated by:	Prof. Sapana Desai and Prof. Zankhana Vaishnav
Accompanied by:	Prof. Alpa Shah and Mr.Sudhir Singh.
No of Students:	60 MCA – II (Sem IV)

The most awaited visit was started from SCET to Adani Port Hazira at 9.00 AM. Upon reaching the students were welcomed with delicious breakfast. The presentation about Project Udaan, their core business activities and how automation is done using IT was discussed post breakfast. Students were

delighted to know the opportunity the use of information technology in core industry. Simultaneously, they were happy to understand the need of hard work one has to put if they want to become a part of such a great & growing company.

The noon part of the visit was devoted to visit to Fire and Safety Department where they were explained about various tools used for safety. They also discussed the precautionary measures one has to take care before working over any equipment. Students could not control their excitement for sitting in the bus for port visit where each & every minute detailing was done about the port. The students were astonished to see the scale of their ships, automated cranes, storage capacity, discipline and work.

The joy of sharing lunch & sitting in the canteen of one of the leading company of INDIA was amazing. The last part of the visit was to have a glance of marine room where the incoming and outgoing of ships was managed. The students were explained the whole process and quite an interesting Q&A session occurred between students and representative of the company.

Some quick look of Visit

The beautiful moment was captured under the group photo tag with team members of Adani port. On returning back from Adani port to college, every budding mind in the bus was enthused as ADANI made them realize the importance of Information Technology in non IT industry.

A bundle of thanks to **Dr.Vaishali Mumgurwadi, Principal**, SCET for keeping a faith and giving a freedom to articulate the idea of the industrial excursion naturally. We extend our hearty thanks to **Shri Bhaskar Cheruku, Registrar**, SCET, for always being at our back as a great supporter.

Last but not the least, we thank our own **Head of the Department Prof. Gayatri Kapadia** who is always there to motivate and gives ample amount of space to flourish.

With this the **TEAM**, Industrial Tour Committee @ **MCA** department, has successfully completed **14** visits since 2012 & still counting.
