

**GUJCOST-DST sponsored
2 Day Workshop
on
“Reactor and
Reactor Network Design”
15-16 February, 2019**

1. Name: _____
2. Department: _____
3. Institution Address: _____

4. Phone/Mobile No: _____
5. E-mail: _____
6. Qualification: _____
7. Experience: _____
8. Fee Details:
Cheque/DD No: _____
Amount: _____ Date: _____
Bank and Branch: _____

I declare that the details furnished above are correct to the best of my knowledge and belief. I also undertake to abide by the rules and other conditions prescribed to conduct the workshop at Sarvajanik College of Engineering & Technology, Surat.

Date: _____
Place: _____ (Signature)

Sponsorship Certificate

Mr./Ms. _____ of
Department of _____ is
permitted/sponsored to attend GUJCOST – DST
sponsored Workshop on “Reactor and Reactor
network Design” on 15-16 February 2019.

Date: _____
Place: _____ Sponsor/Head of Institution

Patron

Dr. Vaishali Mungurwadi
Principal,
Sarvajanik College of Engineering & Technology

Convener

Prof. Vaishali Umrigar
HOD, Department of Chemical Engineering

Coordinators

Prof. Srujal Rana, Prof. Ashish Parmar
Asst. Prof., Department of Chemical Engineering

Organizing Committee

Dr. Swati Sharma
Prof. Rashmita Patel
Prof. Vishad Desai
Prof. Anand Upadhyay
Prof. Anshul Sharma
Prof. Beena Jadav
Prof. Bansi Kansagra
Prof. Dipesh Kachhadiya
Prof. Shireen Singh

Correspondence

Prof. Srujal Rana / Prof. Ashish Parmar

About the Institute

Sarvajanik College of Engineering & Technology (SCET) being one of the Institutes of the biggest Philanthropic Society of the Country has a strong base of values and commitments to create a progressive civilization. SCET located in the heart of the city presently enrolls more than 2000 students in various disciplines of Engineering and MCA where-in runs 9 UG courses and 6 PG courses affiliated to Gujarat Technological University (GTU), Chandkheda. Since 1995 it continuously keeps on upgrading its resources in terms of its human as well as infrastructure. It continues to foster the innovative minds who have carved a successful and a special niche in this competitive world of academics for technical education and is marching ahead to become one of the most premier academic institutes in the country.

About Chemical Engineering Department

Department was started from the very first year of the inception of Institute in 1995. Chemical Engineering Department of SCET was accredited by NBA in 2006. Along with extensive course work and extensive laboratory practice in all conventional and advanced areas of Chemical Engineering, the department zealously strives to provide students, the exposure to industrial environment by way of Industrial training, expert lectures, Plant visits, and seminars/workshops are organized frequently to hone their technical and soft skills. Department is also running IICHe Students' Chapter-SCET under the guidance of IICHe Regional Center, Ankleshwar.

Vision: To be a centre of excellence in Chemical Engineering education and research, which is industrially relevant and globally competitive.

Mission:

- To augment student performance by providing advanced technical knowledge and excellent laboratory infrastructure.
- To enhance field exposure and research through interaction with public/private sectors and alumni.
- To create professionals inculcated with innovative ethical thinking, scientific approach and collectively contribute to a society at large.

About the GUJCOST

The Gujarat Council on Science and Technology (GUJCOST) was established in September, 1986, to play a catalytic role in promoting the use of Science and Technology in the development process of the State. The S&T Council was constituted with a view to develop technologies appropriate to and in harmony with present conditions. The Council has been catalyzing interaction between developers and users of technologies, by bringing on a common platform to training Scientists and Engineers on the one hand and policy makers as well as administrators on the other.

About the Workshop

The workshop is mainly aimed at providing knowledge about process design of various types of reactors used in industries and how the performance can be enhanced by networking of reactors. The lecture sessions are designed to give the necessary theoretical background of the process design of reactor and reactor network. The laboratory exercises include related problems to strengthen the understanding the practical application of the concepts using different software.

Contents of the Workshop

- Reactor design and case study
- Modelling for reactor
- Reactor network design
- Concept of attainable region.

Resource Persons

Experts from IITs, NITs, Reputed Engineering Institutes and Industries.

Who can attend?

Faculty members, UG/PG students, PhD Research Scholars and Industrial personals.

Registration Fees

INR 500.00 for students,
INR 1000.00 for faculties,
INR 1500.00 for industry personnel.

It is non-refundable. The registration fee includes workshop kit, lunch and snacks on workshop days. Payments should be made through

- a. Cheque/DD drawn in favour of "Sarvajanik College of Engineering & Technology" payable at Surat.
- b. Online payment to the following account

Account name: Sarvajanik College of Engg. & Tech.

Bank: Axis Bank (Ghod Dod Road Branch, Surat)

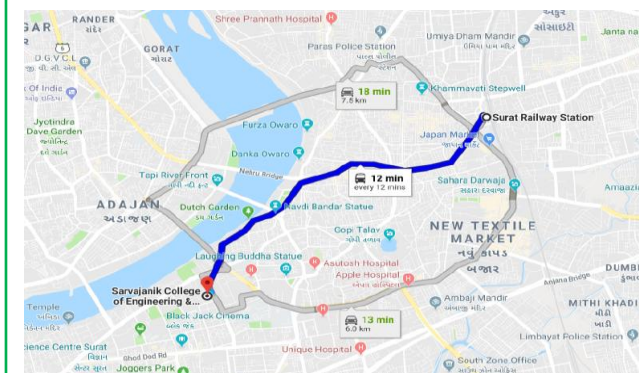

A/c No. : 047010100025540

IFSC code: UTIB0000047

Important Date

The completed registration form along with Cheque/DD should reach the event coordinator on or before **5th February, 2019**. The selection of candidate will be intimated by email on or before **8th February, 2019**.
