**Report of Expert Talk on “Current Trends in Information Security”**

We are glad to inform you that M.C.A Department had organized the Expert Talk on “**Current Trends in Information Security**” as a part of Research Oriented Drive. The main goal of this talk is to give insight into the domain of Information Security among faculties, research scholars and students.

<b>Speaker:</b>	Dr. Sankita J. Patel
<b>Designation:</b>	Assistant Professor in the Department of Computer Engineering, Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat.
<b>Date &amp; Time:</b>	October 1 <sup>st</sup> , 2016 Saturday 10.00 am to 01.00pm
<b>Venue:</b>	N. J. Seminar Hall, SCET.
<b>Targeted Audience:</b>	Faculty Members and Final Year Students of M.C.A., C.O., E.C. and I.T. Department (B.E. and M.E.)
<b>Coordinated By:</b>	Prof. Gayatri S. Kapadia, M.C.A. Department
<b>Participants:</b>	71 Students and 14 Faculties of Inter-disciplines

Prof. Gayatri Kapadia welcomed Dr. Sankita J. Patel Ma'am and facilitated with flowers. Dr. Sankita J. Patel initiated the talk by showing her gratitude towards Dr. S. V. Patel Sir and Prof. Gayatri Kapadia, Head – MCA Department for inviting her for this Expert Talk.

Dr. Sankita J. Patel discussed various aspects of Information Security, Different Kinds of Techniques, Methods, Algorithms very effectively with diagrams and examples. She also discussed Information Security and Privacy, Privacy Issues in Data Mining and Security.

The Expert Talk by Dr. Sankita J. Patel was effective to fulfill the need of security in the information and data mining domain. The talk was concluded with a brief outline of security mechanisms.

Prof. Alpa Shah presented a vote of thanks and gave concise highlights from the talk.
