Women security is very important and essential in today's society. Hence awareness about the different laws implemented for women security must be spread to various classes of women in our surroundings.

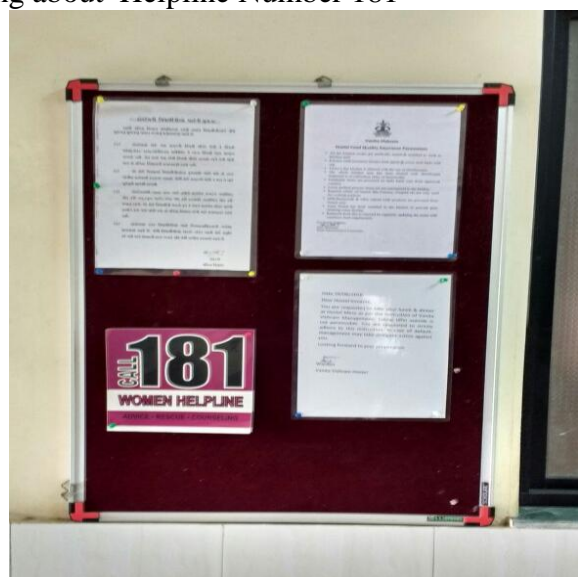

This was taken as a prime priority by the NSS volunteers of SCET. Awareness about 181 Abhiyan was started by the women NSS volunteers in the different **girls' hostels in Surat like P.T. science college, Vanita Vishram College etc from 24 July 2017**. The inmates of the hostel were educated regarding the helpline no. and how it can help someone in need. **Helpline Number posters and stickers were put up at different points at the hostels**. It was a very important step in **making the women of Surat more aware about their rights and security** provided to them by the government. Hence, it was a yet another successful venture carried out by the NSS volunteers of SCET.
