

Sarvajanik College of Engineering and Technology

Department of Computer Engineering

Expert Talk

on

“How to Represent the Research Problem and its Solution in Written Form”

Objectives of the Talk:

- To guide the students and faculty members towards effective representation of a research problem and its solution in a written form
- To assist faculty members in technical writing

Date: 30th January 2016

Time: 10:30 AM to 12:30 PM

Venue: Seminar Hall, 1st Floor, Department of Electronics and Communication, SCET

Coordinator: Prof. (Dr.) Mayuri Mehta, Department of Computer Engineering

Participants: 40+ students and 30+ faculty members from various departments participated in the talk

Summary:

Computer Engineering Department of Sarvajanik College of Engineering & Technology organized an expert talk on “How to Represent the Research Problem and Solution in Written Form” in association with Research and Development Committee, SCET, Surat on 30th January 2016.

The talk was aimed to guide the PhD scholars, ME students as well as faculties of various departments towards the effective representation of a research problem and its solution in a written form. Prof. (Dr.) Mayuri Mehta commenced the session at 10:30 AM by welcoming and introducing

eminent speaker Prof. (Dr.) Bhushan Trivedi, Professor and Director, GLS Institute of Computer Technology, Ahmedabad. Dr. Trivedi has a wide teaching experience of 25 years. He has published 65+ articles in National and International Journals and Conference Proceedings. He has also conducted more than 23 workshops on “Effective Teaching Techniques” at various renowned institutes like NITs and IIT.

During his talk, Dr. Trivedi shared his research expertise with fellow participants. Specifically, he imparted the knowledge on the important requirements for writing a research paper to our fellow participants. He addressed the various requirements for a good design of a research paper such as Readable, Interesting, Timeliness, Clear, Logical and Results that follows data.

The session became more interesting and interactive when Dr. Trivedi engaged the fellow participants in reviewing various research papers. This discussion gave a very exhaustive & articulate understanding about how to precisely write a research paper title, abstract, introduction, figures and tables, conclusion and references.

Finally the session was concluded by vote of thanks by Prof. (Dr.) Mayuri Mehta. We acknowledge and thank Sarvajanic Education Society and Sarvajanic College of Engineering & Technology for providing the necessary infrastructure for conducting the expert talk. We also thank Dr. Vaishali Mungurwadi, Principal, SCET for her guidance and motivation in organizing the expert talk. Herewith we have attached some glimpse of our expert lecture.
