A REPORT ON “Fun-Fair – Fusion Food “

On this auspicious occasion of our festival of freedom 15-08-2017, the Cultural Team of MCA Department had Organized Post-Event Celebration of 71st Independence Day on 19th August 2017, Saturday 9.30am to 12.30pm. The objective of the celebration was to unveil the hidden talents of students and raise a feeling of nationalism.

Our budding technocrats showed a great level of enthusiasm and interest starting by putting up stalls, naming the dishes, preparing a dish along with good presentation. Students proved a **UNITY IN DIVERSITY**. A microscopic detailing was done by including versatile variety of food from every corner of INDIA. They served items including **Mayonis Salad , Gujarati zatka , Ice-cream , cheese vada pav, Guava juice , Dal bhel , Ghoghara, quick bite , Idali, chocolate**. The dart & join the tail game section was a true highlighter of the Fun fair. The celebration was unique in itself. The Funfair was well planned and managed by our students.

We felt confident as our work has been appreciated by faculties from different departments. The fun fair was planned and organized by **Prof. Sapana Desai & Prof. Jayana Ahuja, Cultural committee**. We would like to thank our very own **Prof. Gayatri Kapadia, Head of the department** who always supports & guides us to plan & do the activities which helps in overall development of students growth. **Mr. Bhaskar Cheruku, Registrar** who is always there to motivate & lastly **Dr. Vaishali Mungurwadi, Principal, SCET** for nurturing such values amongst SCETIANS.

Here are some happy moments of Funfair
